LEADING EUROPE TO A BATTERY POWERED FUTURE

Our unique patented 56V ARC Lithium™ batteries are designed to maximise performance. Delivering unmatched versatility and performance, providing the right power for any task. Each battery is interchangeable across the entire EGO cordless range – delivering optimum power and performance for every tool and every job.

Batteries designed to be better.

Our battery's unique ARC-shaped design and KeepCool™ Technology work together to lower temperature and prevent overheating and shutdowns. Each battery's intelligent power management system works hand-in-hand with all tools to ensure the very best power, performance and run time. EGO's superior battery technology really does deliver power beyond belief.

Experts in battery technology.

Our industry-leading innovation stems from a talented team of over 800 highly qualified technicians. Their expertise is the driving force behind our future-focused research and development, and our award-winning range of outdoor cordless products.

Experts in tool technology.

Our dedication to innovation doesn't stop with our battery. We listen to our users and have developed world-first patented tool technologies that answer some of the biggest user pain points in the industry, such as Line IQ™ Technology, Peak Power™ and Powerload™ Technology.

ZERO EMISSION

Smarter. Greener ways to work outdoors.

At EGO, we think beyond performance. Our experts are relentless in their drive to innovate tools for a better world. EGO's 56V ARC Lithium™ batteries not only outperform fuel, they are better for the environment. Petrol-powered outdoor tools produce more nitric oxide, nitrogen dioxide and carbon dioxide than car engines. With zero toxic emissions in use, EGO power tools are cleaner, quieter, and safer. Without the need for fossil fuel, they are also cheaper to run and maintain. Our cordless tools are designed with smart features that pose no risk to users' health and are comfortable to use for prolonged periods.

Beyond Challenge 2025 – our ongoing commitment to support environmental initiatives.

We believe it's not just about making improvements to help the environment, but actively participating in its repair. Our commitment to environmental stewardship remains steadfast. Our goal is to pledge support for initiatives that promote reforestation, protect ecosystems, and benefit local communities across the globe.

A BATTERY DESIGNED LIKE NO OTHER

EGO's unique patented 56V ARC Lithium™ battery delivers unmatched versatility and performance, providing the right power for every task.

Our team of experts has revolutionised battery technology to deliver the optimum power and performance for outdoor cordless tools. EGO's unique 56V ARC Lithium™ batteries deliver the power you need to complete any task. The eight portable batteries in our range can be used flexibly with each one of our cordless tools.*

Key to its performance is the battery's intelligent design.

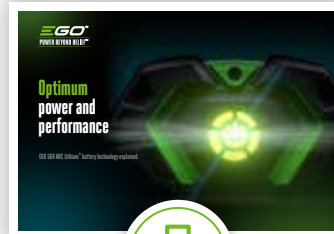

The innovative ARC shape of our 56V battery increases surface area, placing the battery cells close to the surface to maximise cooling and prevent overheating. Each battery cell is surrounded by EGO's unique KeepCool™ Technology, designed to absorb heat energy and keep the cells at their optimum temperature for longer run times. Software and microprocessors monitor and optimise each cell to deliver the best power and performance for every job.

Super fast recharge.

Our commitment to innovation not only delivers the right power for every task, it also means that when it's time to recharge, the EGO Power+ 56V ARC Lithium™ battery is one of the quickest around.

New advancements.

The new BA4480X 8Ah battery is EGO's first 56V ARC Lithium MAX™ battery with Tabless Cell Technology. This new addition to the range provides increased power and performance for power hungry tools and faster charging. See page 28 for more details.

For more information on how EGO Power+ batteries work, and what makes them so revolutionary, download the Battery FAQ document on our website.

egopowerplus.co.uk/faqs

*EGO Robotic Mowers are not compatible with the ARC Lithium™ 56V battery system.

EGO POWER+ ARC LITHIUM™ BATTERY, DESIGNED TO MAXIMISE PERFORMANCE

The patented 56V ARC Lithium™ battery doesn't just manage heat, it maximises cooling.

A battery gets hotter the longer it's used. The more power it generates, the more heat is released. Too much heat and the battery will shut down for safety. Heat also degrades cells over time, reducing battery life. That's why batteries must be cooled effectively to increase performance, run time and battery life.

Our batteries have been designed to cool effectively in three innovative ways:

Mechanically – EGO's unique ARC shaped arrangement of battery cells.

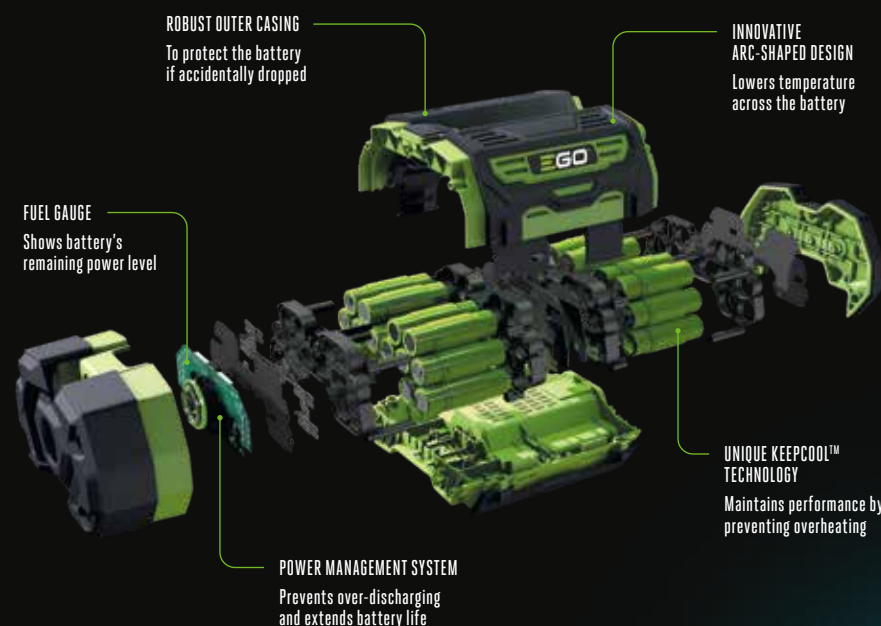

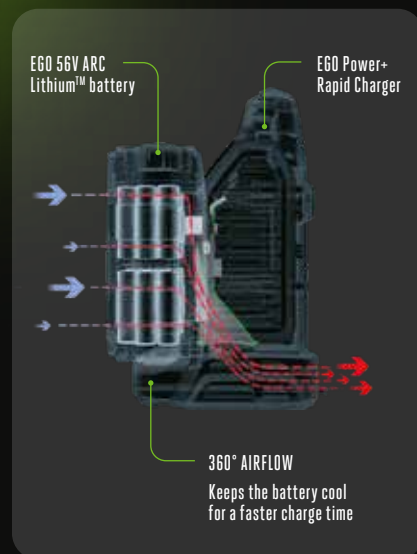

Chemically – EGO's unique KeepCool™ Technology**.

Electronically – EGO's industry-leading intelligent power management system.

EGO'S UNIQUE ARC SHAPED DESIGN

**KeepCool™ Technology is featured in 1P and 2P EGO battery products: this includes BA1400, BA1400T, BA2800, BA2800T and BA2242T. For EGO batteries that contain more cells (3P and 4P batteries), the operating load is spread more, so there is no need to include the KeepCool™ phase change material layer.

INCREASED SURFACE AREA

The battery ARC shape has been carefully designed to optimise cooling and reduce overheating. Unlike "brick shaped" batteries, the individual battery cells are positioned adjacent to the external housing so heat can be easily transferred away from the cells.

KEEPCOOL™ TECHNOLOGY

It's not just the innovative ARC design that helps prevent overheating. The battery has another clever way to keep cool. Each and every cell is surrounded by our unique KeepCool™ phase change material that absorbs heat energy and keeps individual cells at their optimum temperature for longer run times.

INTELLIGENT POWER

Power is nothing without control. It's why the EGO Power+ 56V ARC Lithium™ battery is continuously controlled by software and microprocessors within the battery and by the tools' intelligent power management systems. These constantly monitor and optimise each individual cell, to deliver the very best power, performance and run time.

EXTERIOR MOUNTED BATTERY

Unlike other manufacturers, EGO batteries fit onto the outside of all EGO hand-held tools and are not encased within the tool, which means they stay cool to deliver longer lasting power. To keep them safe and sound, the electronics are protected from dust and moisture by a resin coating and the cells are packaged in a robust case that absorbs shocks and vibrations.

ANY BATTERY, MORE THAN 100 TOOLS

Our industry-leading 56V ARC Lithium™ batteries work with all EGO Power+ tools, even our PRO X range. With great performance and long run times, simply select your tool, click in and go.

ARC LITHIUM 56V
POWERS **100+** TOOLS

THE POWER TO OUTPERFORM PETROL

Introducing the innovative EGO Power+ system from the cordless specialists. EGO Power+ delivers petrol-matching power without noise, fuss, or emissions.

Our industry-leading 56V ARC Lithium™ battery technology offers a high level of performance, giving you the power you need to keep working hard until the job's done. With impressive run times and fast recharge, there's no need to purchase or store highly flammable fuel. Instead, you get the freedom to work emission-free. For total flexibility, all of EGO's 56V ARC Lithium™ batteries fit every tool in the EGO Power+ 56V range.** Just click in the battery and you're ready to go. When you try this revolutionary cordless system you'll never look back.

The support of our service dealer network.

EGO approved service dealers can help you select the most suitable tools for your needs, give you face-to-face advice and provide a diagnostic service to keep your tools running for years to come. With a nationwide network of EGO approved service dealers, you're never too far from the support you need.

Industry-leading warranties.

Domestic user

For domestic users we offer a 5-year warranty on all tools and a 3-year warranty on batteries, when registered within 30 days of purchase.***

Professional user

We offer professional users a 3-year warranty on the PRO X range, and a 2-year warranty on the Professional range when tools are registered within 30 days of purchase.***

SWITCH TODAY

The EGO Power+ system outperforms petrol without any of the downsides. It's simpler, cleaner, quieter – and with less vibrations, more comfortable to use. Lower running and maintenance costs means switching to EGO Power+ leads to long term savings too. Its cutting-edge battery technology delivers optimum power and performance for every tool and for every job. Plus, with zero emissions during use, it reduces your impact on the environment.

WHY CHANGE FROM PETROL TO EGO POWER+?

SUPERIOR BATTERY TECHNOLOGY

Our industry-leading 56V ARC Lithium™ batteries deliver intelligent, balanced, petrol matching power for all EGO tools*

POWERS 100+ TOOLS

EGO 56V ARC Lithium™ batteries work with all EGO Power+ tools*, offering ultimate flexibility and efficiency to complete any job of any size

BETTER FOR THE ENVIRONMENT

With zero emissions during use, our 56V ARC Lithium™ battery gives petrol-matching power but without the fuss and fumes

LOWER RUNNING COSTS

The cost of running an EGO Power+ product for a month is around the same as using a 2 stroke product for a day**

BETTER FOR YOUR HEALTH

EGO Power+ tools always operate at lower noise and vibration levels than traditional petrol-powered tools

FOLD FLAT, EASY STORE DESIGN

Unlike large, heavy petrol mowers, the EGO Power+ fold-flat design makes storage, cleaning and transportation simple

EASY SET-UP AND STARTING

No filling up with fuel; with EGO Power+ just click in the battery and get to work

SAVE TIME

No more trips to the petrol station. EGO's rapid charger refuels our intelligent batteries in as little as 30 minutes

NO PETROL TO STORE

No more dangerous fuel in storage, no more fumes, make more space available for other things

*EGO Robotic Mowers are not compatible with ARC Lithium™ 56V battery system.

**Based on average daily use of 3 litres of post mix fuel per day.

NEW FOR 2026

OUR LATEST INNOVATIONS

The 2026 collection continues to push the boundaries of innovation, with an expanding PRO X category, new advancements in mower, chainsaw, line trimmer, hedge trimmer, lifestyle and robotic mower ranges, together with EGO's new powerful 8AH battery option.

EGO continue to develop new technologies and advancements in products, to give you the power to tackle even bigger and tougher tasks, with impressive run times and rapid recharge.

AURA-R2

NEW ROBOTIC MOWER RANGE Meet AURA-R2

AURA-R2 uses cutting-edge technology to adapt in real-time to changing conditions, navigating every part of your lawn. PATH IQ™ is EGO's unique combination of three intelligent technologies that work together to deliver unmatched mowing accuracy in complex environments – always working quietly in the background, so the only thing you notice is the flawless finish.

- **IP66 Weatherproof** – Built to withstand the elements, easy to clean, even with a pressure washer
- **Adjustable cutting height** – Use the app to tailor your lawn, with a height range of 20-90mm
- **Slope handling** – Tackles tough terrain up to a 50% gradient with ease
- **Safe and secure** – AURA-R2 knows where it belongs and alerts you if it's moved – with built-in GPS, remote locking and theft tracking
- **Fill light** – In night mode, AURA-R2 can work in the dark so your lawn's ready by morning

CHOOSE THE RIGHT TOOL FOR ANY TASK

EGO's range of outdoor power equipment is designed to deliver an outstanding level of performance for every outdoor job, providing the right balance of power and usability for domestic, professional and specialist users.

EGO's unique ARC Lithium™ cordless technology combines with best-in-class ergonomic design to deliver maximum power and efficiency for working outdoors.

Work smarter. Work healthier.

Any EGO battery will fit any EGO tool** (see pages 8-9), so you can choose the right combination to suit your challenge:

- Range of 8 portable batteries and 1 backpack battery available, so you can choose the optimum power-to-weight ratio for any task.
- Belt and back harness-mounted options for lighter working.
- Backpack battery options for the most demanding jobs in all weathers.

EGO outdoor power equipment allows you to work in a cleaner, quieter and safer way. EGO delivers the power of petrol, without the emissions, noise and vibration associated with petrol-powered products – better for you and better for the environment.

The best battery power, from the cordless specialists.

Our results speak for themselves.
Our average product rating* is 4.8

*Independent data collected from EGO website reviews H1 2024

**EGO Robotic Mowers are not compatible with ARC Lithium™ 56V battery system.
The CS1200E Chainsaw is designed to work with only the 2.5Ah ARC Lithium™ battery.

**SUPER-TOUGH, SUPER-POWERFUL RANGE
FOR PROFESSIONAL AND SPECIALIST USE**

**A super-tough, super-powerful
range of tools designed for garden
maintenance professionals, facilities
management and specialists.**

The EGO Power+ PRO X range is engineered to work harder, all day, every day, in the most challenging conditions. Ergonomic design meets unrivalled power and performance in the PRO X range. These tools push the boundaries of battery technology, with the power and performance to surpass petrol-powered equivalents. Built to last, the PRO X range delivers clean, quiet, safe and productive working.

PROFESSIONAL

**HARD-WEARING TOOLS FOR LARGE
GARDENS AND PROFESSIONAL USE**

**A range designed for heavy-duty use,
perfect for large garden maintenance
and landscaping professionals.**

Ideal for everyday use, the EGO Power+ Professional range gives you the edge when facing tougher tasks for longer periods. This range includes additional features, designed to make light work of larger garden maintenance tasks. Whether working in a large garden or tackling commercial jobs, you can rely on EGO Power+ Professional tools to be powerful, hard-wearing and robust.

**PETROL-MATCHING PERFORMANCE
FOR DOMESTIC GARDENS**

**A complete range of cordless
outdoor power tools, ideal for
regular domestic use.**

EGO Power+ tools are designed for regular use in domestic gardens. EGO Power+ tools gives domestic users, cordless, petrol-matching power without the noise, fuss or emissions. With EGO's outstanding level of performance built-in as standard – tackle every garden maintenance task with ease.

POWER YOUR BUSINESS ALL DAY LONG

In a world that's constantly evolving, so too are our demands for outdoor power equipment.

Over recent years battery powered OPE has increased in popularity. However, there still remain concerns around robustness and performance when comparing battery power to more traditional petrol powered equipment. These concerns have been well and truly answered with the launch of EGO's groundbreaking range of battery-powered professional outdoor power equipment and charging solutions. With a focus on incredible performance, flexible fast charging, and seamless connectivity through IoT and fleet management, EGO are revolutionising the way professionals tackle outdoor tasks.

The toughest tools for the toughest tasks.

EGO's new PRO X tools have been developed for demanding professional use in the toughest of environments. Special design features such as carbon fibre components, steel drive shafts, robust gear boxes and cast aluminium/super-composite mower decks, ensure strength, stability, and durability in extreme conditions. Plus, with EGO's industry-leading battery power and performance, each tool exceeds their petrol-powered equivalent.

New product introductions for 2026 include the new PRO X Power Bank, PRO X Backpack Harness, PRO X 76cm Mower, PRO X Front-motor Line Trimmer, and PRO X Single Sided Hedge Trimmer.

A breakthrough in all day power.

At the centre of the new extended EGO PRO X range is the PGX Power hub which provides flexible charging solutions to meet the individual needs of the user. Whether it's charging at the depot, into a vehicle, or even in the middle of a forest, EGO have the solution. Capable of charging up to 70 batteries overnight (14 hours), the EGO PGX Power Hub ensures run time anxiety is a thing of the past. Plus, EGO's new 8AH 56V ARC Lithium MAX™ Battery utilises Tabless Cell Technology to deliver improved power and performance, taking all day professional working to the next level. For further information see page 37.

Stay connected.

With the EGO Connect and Fleet apps, plus wireless/Bluetooth® connectivity, it's easy to remotely manage large fleets of tools, including control of tool charging, tool usage over time, tool maintenance periods and firmware upgrades.

Super-fast on-site portable battery charging system

PGX2500PB POWER BANK

PGX Charging System is capable of charging more than 250Ah of energy overnight

PGX1600E-H 1600W HUB

Continually expanding PRO X tool range

MINIMAL VIBRATION,
NOISE AND COST

EGO tools deliver all the power of petrol tools without the physical stresses, noise and vibration.

Choosing EGO's low-vibration cordless tools helps to avoid the risk of Hand-Arm Vibration Syndrome (HAVS). Also known as 'Vibration White Finger', it can cause painful and disabling disorders of the blood vessels, nerves and joints.

Comfortable for all day use.

With a smooth brushless motor and fewer moving parts, all EGO tools have been designed to operate with low levels of vibration, often under the 2.5m/s² Exposure Action Value limit (EAV) and well below the Exposure Limit Value (ELV). This allows users to work comfortably all day.

Quieter working conditions.

Daily exposure to noisy petrol tools can lead to increased work-related stress, hearing loss and Tinnitus – a permanent ringing sensation in the ears. EGO tools are much quieter than petrol-powered alternatives and reduce the risk of increased stress levels and potential hearing loss over long term use.

COST COMPARISON
PETROL VS. EGO POWER+

Cost Estimates are based on purchasing STX4500 String Trimmer, LMX5300SP Self-Propelled Mower, HTX5300-P Hedge Trimmer, and LBPX8000 Backpack Blower plus the 4 x 10Ah batteries, 1 x 5Ah, 1 x 7.5Ah and PGX Charging system to run all four tools, and petrol-powered equivalent tools and fuel.

BA1400T
2.5AH BATTERY 140WH

FAST
CHARGING TIMES

When it comes to recharging our range of batteries, the EGO Power+ charger keeps you working for longer. Charging 5Ah batteries in 30 minutes, the CH7000E-T reduces charging times so that you can get back to the task in hand.

The innovative fan-cooled system allows charging to start sooner and finish faster, while the intelligent battery control system constantly monitors each cell's power and temperature to deliver the most efficient and quickest charge.

CH7000E-T
700W RAPID+ CHARGER

Boasting an impressive charge time of under 30 minutes for the 5.0Ah battery, this charger features an integrated LED charging indicator and an intelligent battery control system. This fan-cooled charger provides the most efficient charge possible.

CH3200E
320W QUICK CHARGER

Charging the 2.5Ah battery in just 35 minutes, our lightweight charger is among the fastest on the market. This fan-cooled charger, equipped with an intelligent battery control system is complete with an integrated LED charging indicator for clear battery diagnostics.

CH5500E
550W RAPID CHARGER

CH2100E
210W STANDARD CHARGER

CHX5500E
550W PRO X CHARGER

For use with BAX1500 PRO X Backpack Battery

COMFORTABLE
ALL DAY USE

The ergonomic EGO backpack harnesses and battery holster are the most comfortable way to enjoy EGO's industry-leading power. They evenly distribute weight for an easier, more comfortable way to work.

BHX1000
PRO X BACKPACK HARNESS

The BHX1000 has been designed with the professional user in mind and when used together with the AFH1500 Harness (supplied separately or as part of a kit) provides exceptional comfort for all day use. The BHX1000 is compatible with the PRO X series and with the ADB1000 adaptor can be used with other EGO tools. The AFH1500 Harness (supplied separately) is compatible with the BHX1000 and the BAX1500 PRO X backpack battery.

	BHX1000	ABH3000
CONNECTION METHOD	Quick plug-in and out for EGO PRO X tools. Adapter ADB1000 for all other EGO Power+ tools.	Quick plug-in and out for EGO PRO X tools. Adapter ADB1000 for all other EGO Power+ tools.
CARRYING HANDLE	Yes	No – fixed to belt or harness

GET AN EXTRA
PERFORMANCE
BOOST FOR THE
TOUGHEST JOBS

The PRO X Backpack Harness features two EGO battery ports for extended run time and improved power. Peak Power™ Technology ensures that high power is delivered when required for demanding tasks.

This commercial-grade harness is ergonomically designed for all-day comfort and reduced fatigue.

Combining with the EGO PGX Power Bank system allows both batteries to be charged quickly on the job site.

PEAK POWER™ TECHNOLOGY
DUAL BATTERY PORTS
Combines two EGO ARC Lithium™ Batteries to provide extra Peak Power™ and extended runtime

NEW FOR 2026

BHX2001
PRO X BACKPACK HARNESS
WITH PEAK POWER™ TECHNOLOGY

The BHX2001 has been designed with the professional user in mind and provides exceptional comfort for all day use. Provides an extra performance boost plus more runtime with two battery ports and Peak Power™ Technology. The BHX2001 is compatible with the PRO X series and with the ADB1000 adaptor can be used with other EGO hand held tools.

	BHX2001
CONNECTION METHOD	Quick plug-in and out for EGO PRO X tools. Adapter ADB1000 for all other EGO Power+ tools.
CARRYING HANDLE	Yes
UPRIGHT STAND STORAGE	Yes
WEIGHT WITHOUT BATTERY	4kg
DOMESTIC WARRANTY	3 years
PROFESSIONAL WARRANTY	3 years

ADVANCED COMFORT FOR ULTIMATE PRODUCTIVITY

Team up your EGO Power+ tools with our backpack battery.

Balancing exceptional run time with user comfort, the ergonomic design of EGO's BAX1500 backpack battery keeps you working comfortably all day long. The battery pack can be removed from the harness and is compatible with most EGO tools*.

Designed to perform, built to last.

The EGO PRO X Backpack Battery can last throughout a full day's work* from a single charge. The high-quality cells, with high power rating and high energy density, can handle over 1,000 charge cycles. Plus, rapid recharging means they can go from empty to full in just 3.5 hours.

	BAX1500
CAPACITY	1568Wh at 56V rated
CONNECTION METHOD	Adapter / Plug-in
BATTERY WEIGHT	9.0kg w/o harness
HARNESS	Supplied separately or as part of a kit
WEATHERPROOF PROTECTION	IP56
CHARGER	CHX5500E
CYCLE LIFE	In excess of 1000 cycles
DOMESTIC WARRANTY	5 years
PROFESSIONAL WARRANTY	3 years
AVAILABLE AS A KIT	BAX1501: Includes backpack battery, harness and adapter

BAX1500 PRO X BACKPACK BATTERY

The EGO PRO X backpack battery delivers the power output and run times needed for demanding jobs. All minus the noise, emissions and vibration. The BAX1500 can work through the most extreme weathers and its tough casing is designed to withstand drops or knocks.

BIG POWER BIG BENEFITS

COMPATIBLE WITH EVERY
EGO POWER+ TOOL*

HIGH-EFFICIENCY
BATTERY LIFE

DETACHABLE BATTERY
AND HARNESS

WORK HEALTHIER

Without strains, musculoskeletal problems, or emissions.

COST EFFECTIVE

Purchasing and running the PRO X Hedge Trimmer, Line Trimmer and Leaf Blower could save you as much as £4500 in 5 years**, compared with their petrol-powered equivalents. Costs estimated on run times of 6 hours a day, 170 days a year.

*For best working efficiency, EGO Lawnmowers, EGO Chainsaws and EGO Backpack Blowers are not compatible with the EGO Backpack Battery, EGO Backpack Harness or EGO Battery Holster.

**Dependent on the tool and based on an 8 hour working day.

CHARGE 6 PORTABLE EGO BATTERIES AT THE SAME TIME

EGO's Professional Multi-Port Charging Case will charge any combination of up to six EGO portable batteries at the same time – ideal for professional users.

EGO's intelligent power management system charges batteries with the lowest level of charge first, then brings all the batteries up to full charge at the same rate. Charging 6x 10Ah batteries in as little as 3 hours in combination with the 1600W charger.

DESIGNED TO CHARGE EGO RIDE-ON MOWERS, EGO RIDE-ON TRACTOR MOWERS AND EGO MULTI-PORT CHARGING CASE.

CHV1600E 1600W CHARGER

The EGO Professional 1600W Charger can charge six 10Ah EGO ARC Lithium™ Batteries in as little as 3 hours. it is designed to work with the EGO Multi-Port Charging Case, EGO Z6 Ride-on Mowers and EGO Ride-on Tractor Mowers.

ACA1000 CHARGING ADAPTOR

Use with the CH5500E EGO 550W Rapid Charger or the CH7000E-T 700W Rapid+ Charger in order to work with the Multi-Port Charging Case or Z6 ride-on mowers, EGO ride-on tractor mowers.

CHU6000 MULTI-PORT CHARGING CASE

The Multi-Port Charging Case can be used directly with the EGO CHV1600E 1600W Charger or with the EGO 550W Rapid Charger (see page 31) when combined with the ACA1000 EGO Charging Adaptor.

CHU6000-K0004 MULTI-PORT CHARGING CASE & CHARGER

Includes CHV1600E 1600W charger.

COMPARATIVE CHARGE TIMES		
1600W CHARGER with case	6x 10Ah Portable Batteries	~ 3 Hours
550W RAPID CHARGER & CHARGING ADAPTOR with case	6x 10Ah Portable Batteries	~ 8 Hours

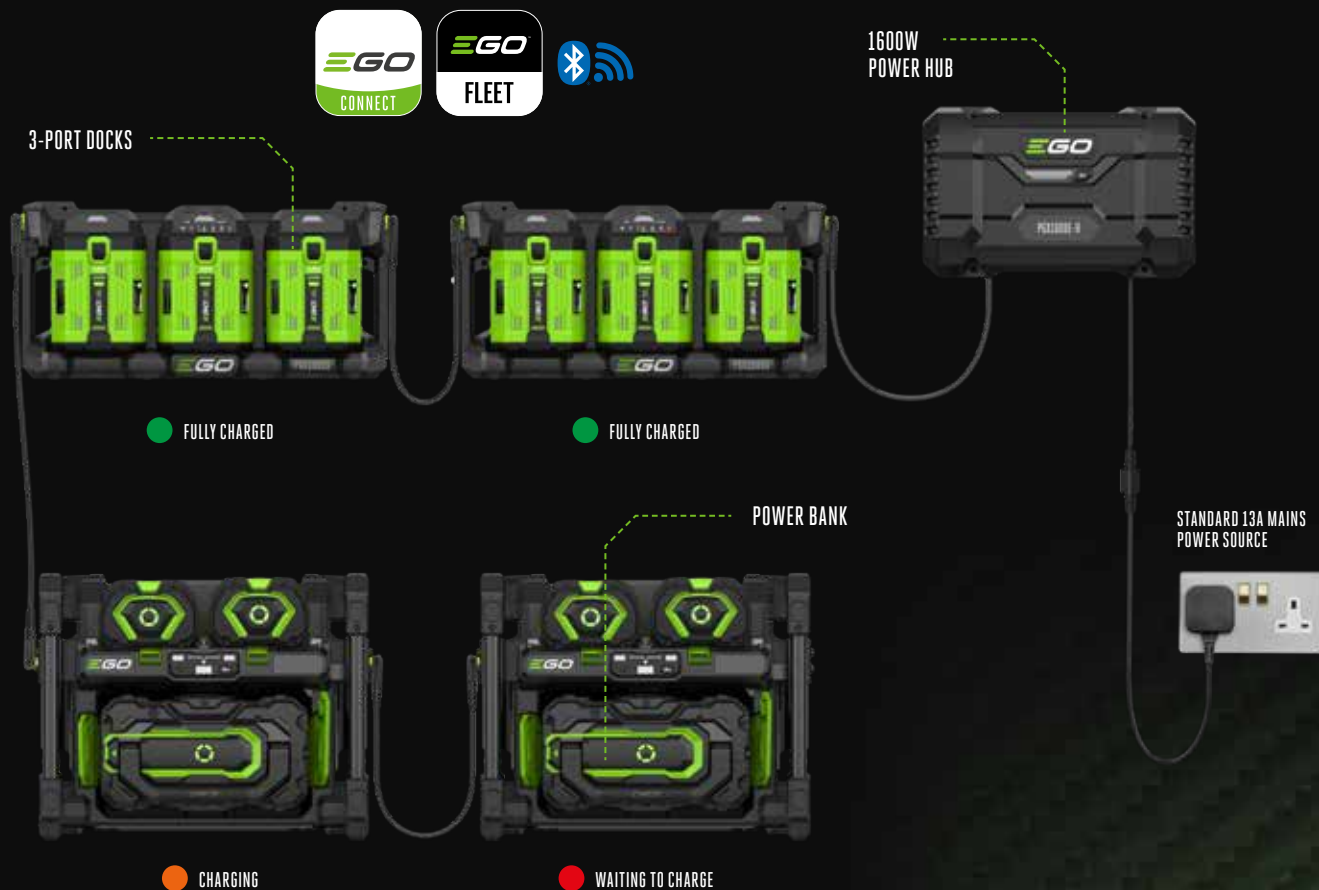

A BREAKTHROUGH IN ALL DAY LONG POWER

At the centre of the EGO PRO X battery charging system is a portable super-fast Power Bank charger that keeps PRO X tools working on-site all day long.

Combined with the new EGO PGX Power Hub, more than 250Ah of energy can be charged in sequence overnight from a single socket – ready for the next day's work.

The EGO PRO X Power Hub has Bluetooth and WiFi connectivity to provide all the information needed to manage a fleet of PRO X tools – supplying data from all enabled EGO PRO X products and physically connected charging peripherals to EGO's connected platforms.

The EGO 1600W PGX Power Hub has been designed to connect with existing standard mains power supplies, so there's no need to update the power supply for installation.

PGX2500PB PGX POWER BANK

NEW FOR 2026

The new EGO PGX Power Bank uses the energy from the EGO Professional 40Ah High Capacity Battery to charge any of EGO's portable ARC Lithium™ Batteries.

This provides professional users with super-fast, efficient charging for all day working, and reduces the need to carry more batteries. Capable of charging two EGO 8Ah 56V ARC Lithium MAX™ batteries in just 30 minutes.

- 2500W charging power shared across 2 charging ports, compatible with any EGO 56V ARC Lithium™ or 56V ARC Lithium MAX™ batteries.
- LED indicator shows charging status.
- Includes handles for ease of transport.
- Stackable to save space.
- Connects to PGX1600E-H 1600W Power Hub for on grid fast charging.
- IoT Bluetooth enabled to relay data, monitor status, and control. Wired data connection also relays charging information via PGX Hub.
- Connects with the next charging peripheral to expand charging with PGX sequential system.
- Wall anchor point for storage and safe transport.
- Physical anti-theft device.

PGX3000D 3-PORT DOCK

Designed to connect to the EGO PRO X 1600W Power Hub.

- Accommodates up to 3 EGO 56V ARC Lithium™ Batteries.
- Optimised for faster charging of the 8Ah 56V ARC Lithium MAX™ battery.
- Led Indicator clearly shows charging status.
- Connects with the next charging peripheral, can expand charging system by up to 30 peripherals.
- IoT wired data connection. Relays charging information via PGX Hub.
- Wall mounting, E-Track compatible with separate accessory kit.
- Side Handles and Battery Retention Clip allows portability.
- Physical anti-theft device.

HC2240T 40AH HIGH CAPACITY BATTERY

Powers the EGO PGX Power Bank for on-site rapid charging of all EGO ARC Lithium™ portable batteries.

- Fuel Gauge shows remaining battery charge.
- Side interface locking for secure attachment to the charger.
- IoT Bluetooth enabled to relay data, monitor status and control.
- Integrated folding handle.

PGX1600E-H PGX 1600W HUB

Charges more than 250Ah of energy in sequence overnight.

- Led Indicator clearly shows Power Hub status while charging.
- Fan cooled for efficient charging.
- IoT Bluetooth and WiFi enabled to relay data from new compatible PRO X products and physically connected charging peripherals.
- Wall mountable, E-Track mounting accessories available.

IoT FUNCTIONS

- Monitor/view charging time and status
- Prioritise charging
- Charging completion reminder
- Battery optimisation
- Tool usage statistics: operational status, assignment and location, utilisation rates
- Firmware upgrades

A BATTERY
FOR EVERY TOOL
AND EVERY JOB

With a choice of 8 batteries and 1 battery backpack, choose the one that gives you the power and run time* you need.

KEY

- PRO X
- RECOMMENDED / OPTIMAL
- NOT RECOMMENDED

WITH A RANGE OF CUTTING CAPACITIES,
SELF-PROPELLED MODELS, AND PUSH BUTTON
START, TACKLE ANY SIZE LAWN WITH EASE.

THE POWER OF PETROL WITHOUT THE EMISSIONS

With lower running costs, zero emissions and significantly quieter than a petrol mower, the EGO Power+ mower range offers a variety of key features and cutting capacities to suit any lawn.

The self-propelled motor keeps you in control and makes light work of slopes and undulations. Automatic Variable Speed on selected models, delivers optimal cutting speed to maximise battery run time whilst maintaining grass cutting performance for different conditions.

The 3-in-1 functionality lets you drop, bag or mulch clippings*, while the LED headlights let you work further into the day. The efficient grass collection system, uses all available space in the collection bag, meaning less frequent emptying. When you're done, the easy-fold design makes cleaning and storage simple.

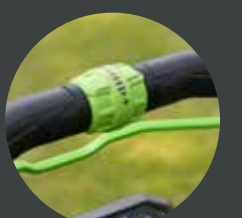

FOLDS IN SECONDS

For convenient storage
and easy cleaning

LED DISPLAY
To monitor machine
status and control
3 blade speeds

**TOUCH DRIVE AND
SELF-PROPELLED MOTOR**
For simple operation and
control, takes the strain out
of mowing sloping ground

**QUICK RELEASE ALUMINIUM
TELESCOPIC, FOLDING HANDLES**
For easy emptying, cleaning
and compact storage

LED HEADLIGHTS
Work further
into the day

**BAG FULL
INDICATOR**
Lets you know
when the bag
needs emptying

SINGLE BATTERY PORT
Compatible with all
EGO portable batteries

UNIQUE HANDLE
For bagging and
mulching selection

HIGH TORQUE, HIGH-EFFICIENCY MOTOR
For operation in all conditions

COMPOSITE DECK
For strength and stability

ADJUSTABLE HANDLE HEIGHT
Easily adjusts to suit you,
and the job in hand

LARGE CAPACITY BAG
Collects more grass and requires
emptying less frequently

**8-POSITION SPRING LOADED DECK
HEIGHT ADJUSTMENT**
Easily set different grass cutting
heights from 20-100mm

3 IN 1 OPERATION
Bag, drop or
mulch clippings*

**AVAILABLE IN A RANGE
OF CUTTING WIDTHS**
42, 47, 52, 53, 55 and 76cm
cutting width options
to suit any size of lawn

LARGE DIAMETER WHEELS
For easy motion on
different terrains

SELECT CUT BLADE
Optimised for collection
and mulching

HIGH-LIFT BLADE AVAILABLE
Improves grass collection and
side discharge capability

*Mulching Kits and Side Discharge Chutes are sold separately for all models.

Model shown: LM2230E-SP
Please note: some features are not available on all models.

A MOWER FOR EVERY LAWN THE RIGHT TOOL FOR THE JOB

The EGO Power+ mower range showcases a variety of specifications designed to make lawn care quicker, easier and more efficient. With model sizes ranging from 42cm to 76cm deck width, there's an option for every task and size of lawn.

Technologically advanced in every way, each mower packs incredible petrol-matching power as standard. Thanks to our revolutionary ARC Lithium™ 56V battery system, they make minimal noise, emit zero emissions, and start up at the touch of a button.

While these benefits apply to all EGO Power+ mowers, key differences make some models better suited to specific kinds of gardens.

Check out our handy diagram to the right to identify the size of lawn you can cut on a single charge, and therefore the mowers that are suitable for you.

Choosing the RIGHT mower:

Small, tight spaces, or close to trees.

For smaller spaces and improved precision around obstacles, mowers with a smaller cutting capacity are ideal.

Our compact 42cm models LM1710E or LM1710E-SP are perfect for smaller spaces.

Bigger, open spaces.

A mower with a wider cutting capacity will help you cover more ground in fewer passes. Opting for a bigger battery will increase run time, as will variable automatic cutting speed control. For a faster cut, a larger capacity bag can collect more grass and needs emptying less often.

Try our 52cm model LM2130E-SP or our 55cm model LM2230E-SP or even our new LMX7600SP, which makes even the biggest jobs feel small.

Sloping ground.

Using a self-propelled mower takes the strain out of pushing the mower uphill.

Our self-propelled mowers, LM1710E-SP, LM1910E-SP, LM2130E-SP, LM2230E-SP, LMX5300SP and LMX7600SP are available in different cutting capacities to suit the size of your lawn, choose a wider cutting capacity for less passes.

Additional comfort.

If comfort is a priority, self-propelled mowers require less effort, and with an adjustable handle, you can decide on the most suitable height.

Choose the cutting capacity to suit the size of your lawn – a wider cutting capacity will mean less passes required to cut the lawn.

Finishes.

The EGO Rear Roller Kit is a simple and effective way of enabling your EGO mower to stripe your lawn, giving you a manicured look whilst keeping the versatility of being able to mulch and rear discharge clippings.

REAR ROLLER KITS

Just add an EGO Rear Roller Kit to enable your EGO mower to stripe your lawn (please check that a Rear Roller Kit is available for your model – see below).

AR1700 available for LM1710E, LM1710E-SP, LM1910E, LM1910E-SP
AR1900 available for LM1910E, LM1910E-SP
AR2100 available for LM2130E-SP

Grass cutting options.

There are 4 different ways that EGO Power+ mowers deal with cut grass. Great for lawns that aren't too thick, mulching redistributes grass particles and fertilising nutrients. Drop cuttings, rear discharge or side discharge allows for quicker mowing through thick and long grass. Bag collection keeps lawns clear of any cuttings.

MULCHING KITS

The EGO Power+ Mulching Kit will allow the mower to cut and distribute fine grass cuttings back into the lawn to help retain moisture and nutrients for a healthier lawn.

SIDE DISCHARGE CHUTES

EGO Power+ Side Discharge Chutes discharge the grass cuttings to the side of the mower, to give longer battery run times.

SELECT CUTX

Interchangeable multi-blade cutting system that allows you to choose between specialist mulching blade and bagging blade, to either distribute fine cuttings into your lawn or to collect cuttings into the large collection bag.

For more details on accessory compatibility, please see our accessory pages (146-147).

LM1710E
42CM MOWER

Perfect for precision mowing in smaller spaces and medium sized gardens with level ground. Includes a 55L collection bag and interactive LED Display to monitor machine status and control 3 blade speeds.

ACCESSORIES ALSO AVAILABLE **NEW FOR 2026**

ONLY AVAILABLE AS KIT LM1711E

CUTS UP TO 500SQM ON A SINGLE CHARGE 2.5Ah BATTERY

LM1910E
47CM MOWER

The wider cutting width is perfect for precision mowing of medium sized gardens with level ground. Includes a 55L collection bag and interactive LED Display to monitor machine status and control 3 blade speeds.

ACCESSORIES ALSO AVAILABLE **NEW FOR 2026**

ONLY AVAILABLE AS KIT LM1912E

CUTS UP TO 750SQM ON A SINGLE CHARGE 4Ah BATTERY

LM1710E-SP
42CM SELF-PROPELLED MOWER

Perfect for mowing in smaller spaces and medium sized gardens. Self-propelled for tackling sloping and undulating lawns with ease. Includes a 55L collection bag and interactive LED Display to monitor machine status and control 3 blade speeds.

ACCESSORIES ALSO AVAILABLE **NEW FOR 2026**

ONLY AVAILABLE AS KIT LM1712E-SP

CUTS UP TO 600SQM ON A SINGLE CHARGE 4Ah BATTERY

LM1910E-SP
47CM SELF-PROPELLED MOWER

The wide cutting width is perfect for precision mowing of medium and larger-sized gardens. Self-propelled with automatic variable cutting speed, ideal for large and sloping lawns. Includes a larger 55L collection bag and interactive LED Display to monitor machine status and control 3 blade speeds.

ACCESSORIES ALSO AVAILABLE **NEW FOR 2026**

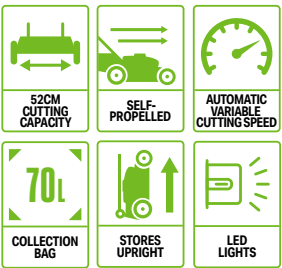

ONLY AVAILABLE AS KIT LM1914E-SP

CUTS UP TO 1000SQM ON A SINGLE CHARGE 6Ah BATTERY

LM2130E-SP
52CM SELF-PROPELLED MOWER

The wide cutting width is perfect for precision mowing of larger gardens and wider spaces. Self-propelled with automatic variable cutting speed, ideal for large and sloping lawns. The Select Cut interchangeable multi-blade cutting system that allows you to choose between specialist mulching blade and bagging blade. Includes an extra-large 70L collection bag.

ACCESSORIES ALSO AVAILABLE

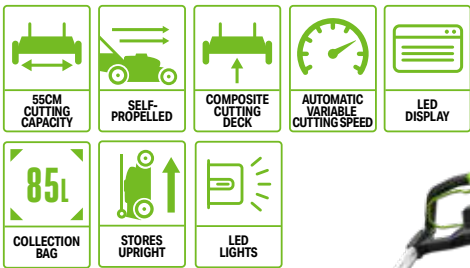

ONLY AVAILABLE AS KIT LM2135E-SP

CUTS UP TO 1200SQM ON A SINGLE CHARGE 7.5Ah BATTERY

LM2230E-SP
55CM SELF-PROPELLED MOWER

The wider cutting width is perfect for mowing of larger gardens and wider spaces. Self-propelled with automatic variable cutting speed, ideal for larger and sloping lawns. The new super-composite cutting deck is robust, lightweight and stable for prolonged use. Includes extra-large 85L collection bag.

ACCESSORIES ALSO AVAILABLE

ONLY AVAILABLE AS KIT LM2236E-SP

ALL DAY POWER
TO GET THE
TOUGHEST JOBS
FINISHED FASTER

PRO X mowers have been designed with the professional user in mind. The backbone of the mowers is the robust cutting deck, which ensures that the mowers perform to a high level.

The dual battery ports provide Peak Power™ to the mower when more energy is needed, while the 1600W motor has ample torque, providing high power for tough cutting conditions.

Part of the PRO X range, ideal for users who demand tough and durable tools, the mowers are also comfortable for all day use with self-propelled variable-speed adjustment, and adjustable handle height.

LMX5300SP
53CM PRO X SELF-PROPELLED MOWER
WITH DUAL BATTERY PORTS

The wider cutting width is designed for mowing of large and wide spaces. Self-propelled with automatic variable cutting speed, two battery ports, and Peak Power™ Technology, ideal for all day working. The cast aluminium deck gives a robust stable performance. Includes an extra-large 85L collection bag.

EGOTM

POWER⁺ RIDE-ON MOWERS

EGO'S RIDE-ON RANGE DELIVERS POWER THAT GOES BEYOND THE COMPETITION. PEAK POWERTM TECHNOLOGY COMBINES THE OPTIMAL POWER OF UP TO 6X 56V EGO ARC LITHIUMTM BATTERIES FOR TRULY EXCEPTIONAL PERFORMANCE.

AURA-R2
THE FUTURE OF MOWING
See pages 134-145

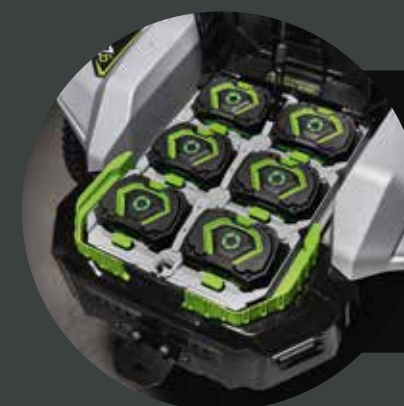

ARCTM
LITHIUM
56V

OUTSTANDING BATTERY-POWERED RIDE-ON PERFORMANCE

EGO's Z6 Ride-on Mower, the world's first battery-platform compatible zero-turn ride-on mower, proved that the combined power of EGO's revolutionary ARC LithiumTM batteries could more than match petrol-powered equivalents.

Also utilising up to six EGO ARC LithiumTM portable batteries, EGO's T6 Ride-on Tractor Mowers allow you to not only match the amount of energy you need for your mowing needs but also to use the same batteries with other EGO tools.

EGO ride-on mowers deliver the equivalent power of a 22-horsepower petrol engine, with less noise and none of the emissions. You can tailor the combination of batteries to suit the size of your lawn and grass-cutting preferences, while fully customisable digital controls give you the flexibility to match set-up and performance to the job in hand.

PEAKTM
POWER⁺
TECHNOLOGY

Peak PowerTM Technology combines the power from your choice of two to six EGO 56V ARC LithiumTM batteries to deliver the performance of a petrol mower, automatically increasing the power for tougher cutting tasks.

Unmatched performance, effortless control, ultimate efficiency

Fully customisable to suit your ride

22hp equivalent

Choose from a range of models and accessories for Side / Rear Discharge, Mulch or Collect functions

T6

UNMATCHED PERFORMANCE, EFFORTLESS CONTROL, ULTIMATE EFFICIENCY

The EGO ride-on tractors set the standard in battery powered collection and side-discharge mowers.

The powerful twin blades and pressed steel decks ensure that the mowers perform robustly with either efficient grass collection into the grass box at the rear of the mower, or rapid side-discharge. The central LCD control display is located on the dash making it easy to make adjustments to travel and blade speeds. Bluetooth connectivity allows the user to monitor machine performance as well as to ensure batteries are charged and ready for cutting.

TR3800E-B 98CM RIDE-ON COLLECTION TRACTOR MOWER

The EGO Collection Tractor benefits from efficient grass collection into a large rear 300 litre collection box to maximise cutting times.

**PEAK
POWER
TECHNOLOGY**
Combines the power of up to 6 56V ARC Lithium™ batteries

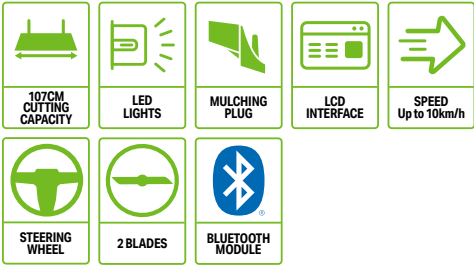

FAST 1600W CHARGER
Fully charges 6x 10Ah EGO 56V ARC Lithium™ batteries in as little as just 3 hours
See page 35 for details

TR4200E 107CM RIDE-ON SIDE DISCHARGE TRACTOR MOWER

The EGO Side Discharge Tractor allows cutting of higher levels of grass faster, as grass collection is not required.

Large areas of grass can be covered on a single charge, throwing grass out to the right side of the mower, making it suitable for paddocks.

Z6

TRULY GROUND-BREAKING TECHNOLOGY

EGO's unique Z6 steering wheel model, features e-STEER™ Technology for advanced steering control and confidence.

Our most innovative Z6 model drives like a car and turns like a zero-turn simultaneously, with a precision steering wheel and the latest in digital steering technology – as well as offering the same world-first battery platform-compatibility as all EGO ride-on models.

With zero-turn capability, all EGO Z6 mowers can turn a full 360 degrees, on the spot, for perfect about-turns and for cutting around the tightest corners right up to the edge. While customisable driving modes and variable cutting speeds, give maximum flexibility for different cutting conditions.

EGO's revolutionary e-STEER™ Technology provides the ultimate in control and precision meaning the latest Z6 model drives like a car and steers like a zero-turn ride-on mower.

EGO
POWER+ CHAINSAW

**BUILT FOR THE TOUGHEST JOBS, POWERED
BY OUR 56V ARC LITHIUM™ BATTERY
TECHNOLOGY, NOTHING GETS IN THEIR WAY.**

BUILT FOR THE TOUGHEST TASKS

The EGO Power+ chainsaws are built to tackle even the hardest jobs. Trunks, logs, branches, nothing gets in their way.

Choose the EGO Power+ CS2000E for the latest in information displays to monitor battery charge level and speed setting, with an impressive 25m/s

adjustable chain speed. Just check the lubrication level through the oil inspection window and you're ready to go.

The electronic chain brake protects against kickback while you work. The auto-lubrication system keeps the chain moving freely at all times.

Plus with EGO's 56V ARC Lithium™ battery delivering such an impressive run time and incredible power on a single charge, it'll keep you working cut after cut after cut.

*Available on selected models.

REAL TIME LCD DISPLAY

The innovative LCD display of the EGO Power+ CS2000E chainsaw allows you to monitor battery charge level, speed setting and chain brake status in real time. Built-in to the ergonomically designed handle to keep you informed and in control.

Durable bar and chain

BCS1000
CHAINSAW BAG

CS1410E
35CM CHAINSAW

Perfect for easily cutting through branches and medium-sized logs up to 35cm (approx. 14 inches) in width.

AVAILABLE
AS A KIT

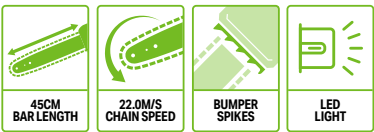

NEW FOR 2026

CS1810E
45CM CHAINSAW

A chain speed of 22m/s, provides all the power and torque needed to quickly cut through thick branches and larger logs up to 45cm (18 inches) in width.

Features a new LED display showing speed setting and chain brake status.

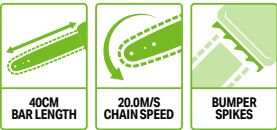

AVAILABLE
AS A KIT

CS1610E
40CM CHAINSAW

An outstanding combination of high torque and chain speed – perfect for easily cutting through branches and medium-sized logs up to 40cm (approx. 16 inches) in width.

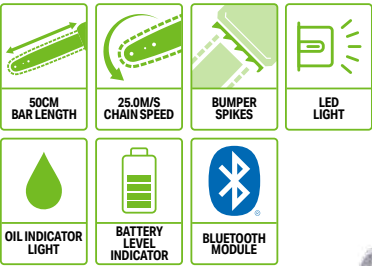

AVAILABLE
AS A KIT

CS2000E
50CM CHAINSAW

The CS2000E is EGO's highest specification chainsaw for domestic use, boasting 25m/s chain speed and a new configuration for improved balance and handling, ideal for cutting thick branches and larger logs up to 50cm (20 inches) in width. Features a new innovative display showing battery charge level and speed setting.

AVAILABLE
AS A KIT

THE POWER
AND SPEED
TO PERFORM

The first in a new generation of EGO rear handle chainsaws. Meeting the needs of professional users who need a ground saw to complete the toughest jobs. Balance is a key focus of the design, ensuring the saw can be used for longer periods.

At a chain speed of 30m/s the saw provides the power and speed comparable to established petrol saws.

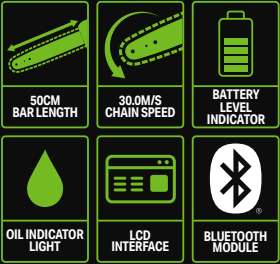

The CSX5000 utilises full chisel chains making cutting fast and efficient – with enough power to drive the 50cm chain to perform at its best.

The saw also features a display screen that clearly shows oil level, battery capacity and adjustable speed.

CSX5000
PRO X 50CM REAR HANDLE CHAINSAW

Designed to deliver a best-in-class combination of power, torque and chain speed for the professional user.

PRO X
CHARGING
SYSTEM

For the ultimate in powerful all day working

Portable and super-fast - the PRO X DC:DC multi-battery charging system keeps PRO X tools working on-site all day long.

EASIER, SAFER,
TREE SURGERY

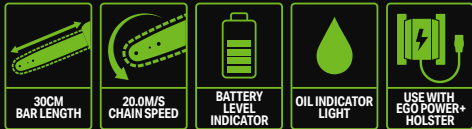

Created with arborist specialists in mind, EGO's PRO X CSX3000 and Professional CS1200E Top Handle Chainsaws are an exceptional combination of torque and power.

With industry-leading ARC Lithium™ battery technology at their core, the Top Handle Chainsaws provide the optimum combination of power, torque, and chain speed. Benefiting from long run-times and fast recharge, they're built to tackle tough, all day use. The Chainsaws' Chain Brake Safety System stops the tool's motor if kickback occurs, reducing the risk of injury. EGO Top Handle Chainsaws make jobs easier, cleaner, quieter and safer.

CSX3000
PRO X PLUG-IN TOP HANDLE CHAINSAW

For professional arborists who need a lightweight saw to complete climbing work - designed for use with the EGO Battery Holster which carries the weight of the battery off the tool. Features include Battery Level and Oil Level indicator lights to alert you when you're running low. Range of chain bars available from 30cm to 40cm.

CS1200E
PROFESSIONAL TOP HANDLE CHAINSAW

The CS1200E is for professional arborists who need a compact, lightweight saw to complete climbing work. Designed with an on-board battery and perfect balance to enable use for longer periods. Translucent Oil Tank for easy checking of oil level.

ABH3000
BATTERY HOLSTER BA2240T
4AH BATTERY

Battery holster cable integrates with the safety stop to securely attach to the belt and harness. The 4Ah battery has been designed with the optimal power-to-weight ratio for use by professional arborists.

CHAIN BARS, CHAINS AND ACCESSORIES

EGO's range of chainsaw bars and chains are carefully matched to the power and performance of each machine, to ensure maximum run time, and optimum cutting effectiveness for the task in hand.

EGO's bars and chains are engineered to deliver durability, and safety across a wide variety of applications.

Designed exclusively for use with EGO Power+ chainsaws, to provide clean cuts, reduced maintenance and long-lasting performance.

EGO[™]

POWER⁺ TELESCOPIC POLE PRODUCTS

MAXIMUM REACH, MANOEUVRABILITY AND CUTTING POWER FOR HIGH BRANCHES AND HEDGES.

REACH NEW HEIGHTS

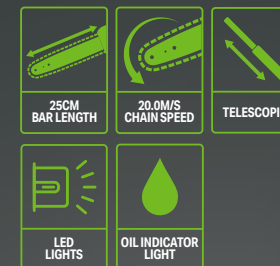

The EGO Pole Saw makes ladders and tricky tree maintenance a thing of the past.

With a 25cm bar and chain speeds of up to 20m/s, the EGO Pole Saw cuts through high branches with ease. The cutting head and shaft attach to the tool via a connector, allowing the Pole Saw to be stored compactly. Switch up the length of the tool up to 4m to reach any branch, however near or far, with the telescopic feature. The lightweight, sturdy, carbon fibre shaft and LED cutting guides aid manoeuvrability and keep cuts accurate.

PS1000E TELESCOPIC POLE SAW

Work on those hard-to-reach areas with ease. Our lightweight EGO Telescopic Pole Saw reaches lengths of 4m when fully extended and, thanks to its motor located at the head of the tool, maintains great balance and ergonomics.

AVAILABLE AS A KIT***	PPCX1000: Includes telescopic pole, pruning saw attachment and hedge trimmer attachment

*Run time may vary and depend on the battery used, charge level of battery, condition of hedge and user's operation technique.
**Number of cuts may vary and depend on the battery used, charge level of battery and user's operation technique. Based on 100mm x 100mm cuts.
***Without battery and charger.

EGO™ POWER+ BRUSH CUTTER/LINE TRIMMER

THE PERFECT COMBINATION OF POWER, BALANCE
AND COMFORT, OUR LINE TRIMMERS AND
BRUSH CUTTERS CUT EVERY JOB DOWN TO SIZE.

ULTIMATE TRIMMING CONTROL

EGO revolutionised its range of Power+ Line Trimmers with the introduction of world-first Line IQ™ Technology for non-stop performance.

Now, EGO's latest addition to the PRO X Line Trimmer range sees a new innovative front mounted motor (positioned at the cutting head)

to create improved balance and best in class power-to-weight ratio.
(see page 74 for details)

With a range of cutting swathes and speeds, there's an EGO Line Trimmer suitable for every use, from smaller gardens to more demanding, professional jobs. Backed by powerful brushless motors and created with ease-of-use in mind, EGO Power+ Line Trimmers deliver optimum efficiency and run time, as well as low vibration levels and adjustable shaft length for comfortable working conditions.

ST1300E-S
33CM LINE TRIMMER

Two-speed, 33cm cutting swathe with bump head line feed and easy line replacement. Ideal for the smaller garden.

ST1530E
38CM LINE TRIMMER

Variable speed, large 38cm cutting swathe with bump head line feed and rapid reload line replacement.

ST1400E-ST
35CM LINE TRIMMER

35cm cutting swathe with Powerload™ Technology for automatic line replacement. Features a telescopic shaft for adjustment to fit any user and adjustable handle for edge-trimming of lawns.

ST1610E-T
40CM LINE TRIMMER

The industry's most innovative Line Trimmer. EGO Powerload™ and Line IQ™ Technologies for fast line replacement and automatic line feeding, combine with a 40cm cutting swathe and 2 pre-set speed options.

ST1510E-T
38CM LINE TRIMMER

Featuring Powerload™ Technology and 2-speed selection. A telescopic shaft offers adjustment to fit any user with adjustable handle for edge-trimming of lawns.

BC3800E
30/38CM BRUSH CUTTER / LINE TRIMMER

The three-sided blade and brushless motor has the power to clear virtually any ground. Can be used as either a brush cutter or line trimmer. Features include speed selection switch, adjustable handles and harness.

LINE-IQ[™] TECHNOLOGY

Automatic Line Feeding

Forget frustrating line feeding issues with EGO's automatic Line IQ™ Technology, there's no need to bump the head, so you can keep trimming for non-stop performance.

POWERLOAD[™] TECHNOLOGY

Solving one of the biggest frustrations of line replacement, EGO's groundbreaking Powerload™ Technology automatically loads the line into the trimmer head. Just thread the line, press the Powerload™ button and let the tool do the rest. Available on ST1510E-T, ST1400E-ST and ST1610E-T.

STEP 1 Thread the line.

STEP 2 Press the Powerload™ button to load new line.

THE TOUGH ANSWER TO ROUGH GROUND

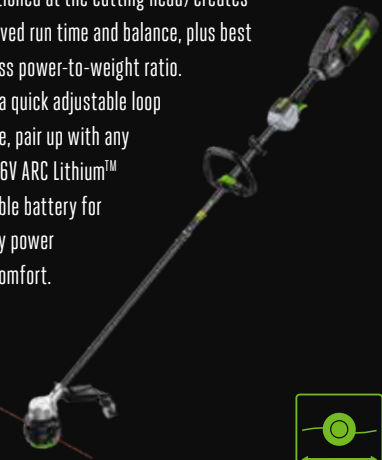

The PRO X line trimmers range offers great versatility and choice for a wide range of professional users. Available in both loop and bike handle versions they are suitable for landscapers, facilities operations and municipal users.

All EGO portable batteries are compatible with the tools making these extremely well balanced for all day use. The new STX4200 model features a front mounted direct-drive motor (positioned at the cutting head) to offer a lighter weight tool with excellent power-to-weight ratio. Tool speed can be controlled via the handle, which means the tool run time can be increased when working on light loads. The speed can also be increased for heavier working loads, at the touch of a button. Equipped with a Rapid Reload head and 2.7mm twist line the tools are simple to load with line when empty. This reduces downtime and the need for additional maintenance in the field.

EFFICIENT AND POWERFUL
BRUSHLESS MOTOR
For longer running times

DESIGNED FOR BACKPACK POWER

Perfectly balanced for comfortable use, these EGO PRO X line trimmers / brush cutters are designed to work with the EGO backpack battery or harness for all day power.

They make short work of even the roughest ground, are light yet strong, with a robust solid steel drive shaft housed in a carbon fibre drive tube.

VARIABLE SPEED TRIGGER
WITH SAFETY LOCK-OFF
For efficient, safe working

CARBON FIBRE DRIVE SHAFT
Won't bend and lose shape over
time, keeping vibration levels
to a minimum

RAPID RELOAD BUMP
LINE FEED HEAD
For quick, easy line
refilling and extending
the line as you work

Can be used with Rotocut see page 77.

Includes three-sided blade.

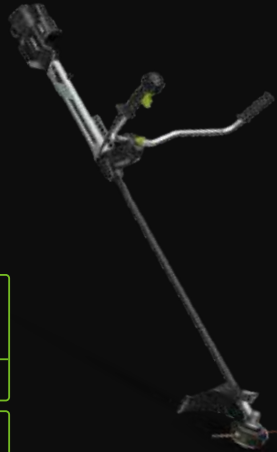

BCX3800 PRO X LINE TRIMMER / BRUSH CUTTER (BIKE HANDLE)

Leave the fuss and fumes of petrol behind with this powerful, pro-standard tool. Pair up with our PRO X backpack battery BAX1500 for all day power and comfort.

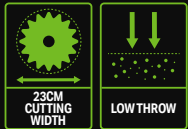

Includes AHP1500 Hip Pad Harness.

RTX2300 PRO X ROTOCUT

The EGO PRO X Rotocut attachment cuts through grass, weeds and moss on concrete, pathways, and verges with ease.

Featuring two counter-rotating blades instead of line, Rotocut prevents debris from being thrown, making it ideal for use in built-up areas where risk of damage or injury can be acute. Rotocut's flat design and simple attachment process means it can fit to most rear motor brush cutters and line trimmers on the market.

LINES, BLADES AND ACCESSORIES
 TO SUIT EVERY JOB

EGO have a range of lines, blades and harnesses to suit any trimming or cutting job, plus a range of replacement cutting heads for all EGO Line Trimmer products.

Lines for Line Trimmers

Choose a smaller line thickness for clearing long grass and lighter vegetation, or a larger, more durable line thickness for cutting down heavier, dense vegetation. Commercial, more powerful Line Trimmers are more suitable for the heavier lines, while twisted lines are quieter during use. For simple line replacement - choose a pre-wound spool for compatible tools. See our simple guide to choosing the right line below.

Brush Cutting Blades

For cutting down heavier vegetation, bushes and verges, choose a Brush Cutting blade – available in metal and flexible plastic options, depending on how heavy the task is. The flexible Elastoblade will make lighter work of dense vegetation.

Rotocut Blades

Replacement Rotocut blades will fit the EGO Power+ Rotocut attachments, which are ideal for working through tough-to-shift growth in paths and drives, and along the base of walls and curbs. Reduces the throwing-up of stones, for safer use in areas near vehicles, windows and other materials prone to damage.

Cutting Heads

Replacement cutting heads are available for EGO Line Trimmer machines with standard, bump-feed, Powerload™ and Line IQ™ heads.

Straps and Harnesses

A full range of replacement straps and harnesses are available for EGO Line Trimmer machines, to make tackling the job easier.

Choosing the CORRECT line or blade for the job:

EGO[™] POWER⁺ HEDGE TRIMMER

LIGHT, YET POWERFUL, OUR NEXT GENERATION OF CORDLESS HEDGE TRIMMERS GIVE YOU ALL THE COMFORT AND CONTROL YOU NEED TO GET THE JOB DONE.

BALANCED, PRECISE, POWERFUL

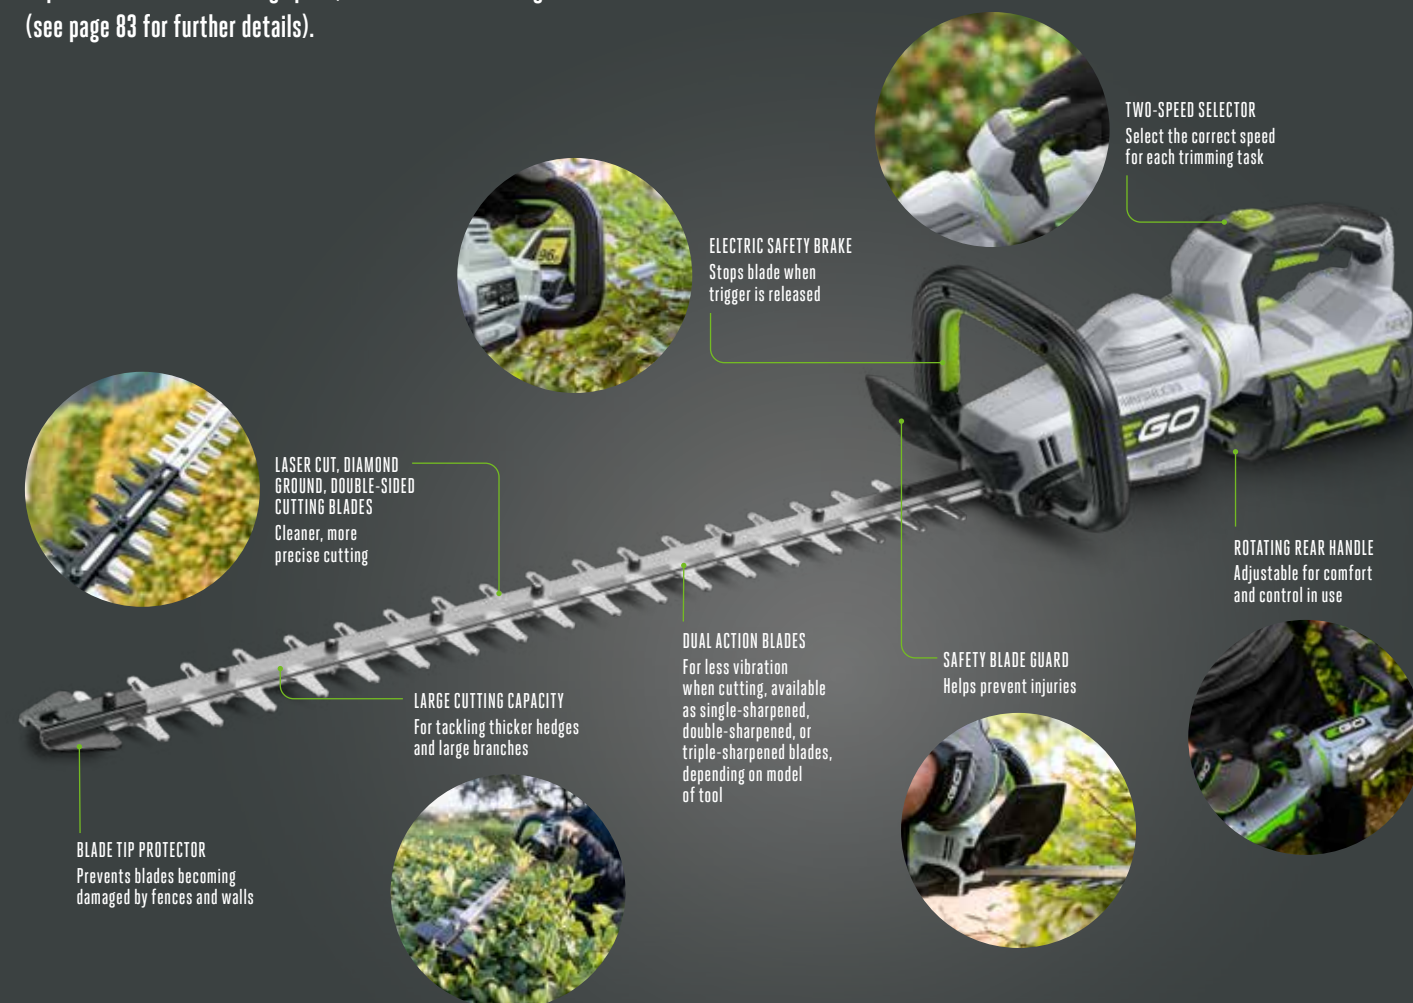

Engineered to deliver impressive cutting ability from a single charge, the EGO Power+ Hedge Trimmers well-balanced design and clever features makes working outdoors easier and more comfortable.

For 2026, EGO's professional hedge trimmers have been upgraded to improve run time and cutting speed, while further reducing vibration (see page 83 for further details).

The rotating handle and dual trigger system provide enhanced user comfort and safety. While the smooth and quiet brushless motor and gearbox gives you all the power you need, without the vibration, emissions and noise of a petrol engine.

EGO hedge trimmer blades are diamond ground and double sided for clean, precise cutting. All blades have large cutting capacities for tackling thicker hedges and are available in 51cm to 75cm lengths, to suit every size of hedge. Blade-tip protection stops damage from fences and walls.

For safer working, the safety blade guard helps prevent injuries while the electric brake stops the blades when the trigger is released.

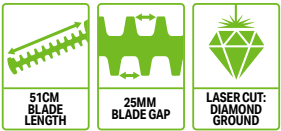

Model Shown: HT2600E

HT2000E
51CM HEDGE TRIMMER

Single-speed, single knife-edge cutting action, powerful brushless motor, ideal for cutting narrower small-to-medium hedges with thick stem widths.

● - highlighted cutting area is optimal for battery.

PRO X PERFORMANCE
WITH EXTRA REACH

The PRO X long-reach hedge trimmers allow professional users to cut more with less effort. Tall and deep hedges can be cut in a single sweep and without the need for use of ladders.

Carbon fibre shafts make the tools sturdy and durable, while flex at the end of the tool is reduced. The Long-Reach Hedge Trimmer has an articulating head making it simple to change the cutting angle for different tasks.

Both trimmers have 3 speeds, suitable for different hedge cutting jobs, plus double-sided triple-sharpened blades for the toughest hedges.

The power unit is part of the PRO X platform and compatible with all EGO portable ARC Lithium™ batteries.

REAR GEARED MOTOR
Compatible with all portable EGO ARC Lithium™ batteries

IOT READY WITH BUILT-IN BLE MODULE

VARIABLE TRIGGER
For precise cutting control

ADJUSTABLE HARNESS POINTS
For comfortable all day working

CARBON FIBRE SHAFT WITH INTERNAL STEEL DRIVE SHAFT
For greater durability

3 SPEEDS
Suitable for different trimming and cutting tasks

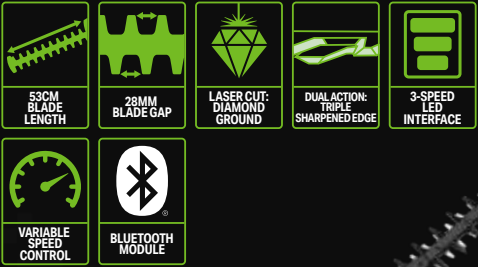

ARTICULATING CUTTING HEAD AND GEARBOX
Versatile for different cutting tasks

53CM DOUBLE SIDED TRIPLE SHARPENED BLADES
For the toughest jobs

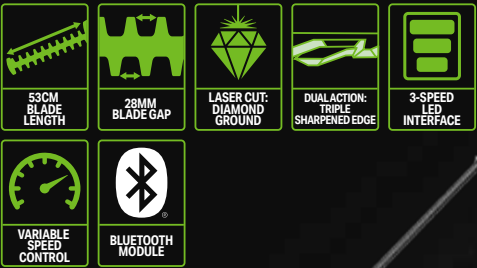

HTX5300-P
53CM PRO X SHORT-REACH FIXED POLE HEDGE TRIMMER

Variable speed, carbon fibre shaft with internal steel drive shaft for greater durability, triple sharpened blades, dual edge cutting action, makes light work of any job, big or small.

HTX5300-PA
53CM PRO X LONG-REACH ARTICULATING POLE HEDGE TRIMMER

Ideal for wider, larger hedges, with longer 2.5m reach and an articulating cutting head – with variable speed, carbon fibre shaft with internal steel drive shaft for greater durability, triple sharpened blades, dual edge cutting action – makes light work of any job, big or small.

TACKLE TOUGH HEDGES WITH EASE

Designed for use with EGO's PRO X Backpack Battery and Harnesses, these PRO X hedge trimmers are precision engineered to tackle the toughest hedges with ease.

A single charge delivers impressive run times, while the smooth and quiet brushless motor and gearbox give you all the power you need, without the vibration, emissions and noise of a petrol engine. Clever features include a handle and trigger design that allows effortless switching between horizontal and vertical cutting, dual trigger system for safe operation and a blade tip protector to prevent damage from fences and walls.

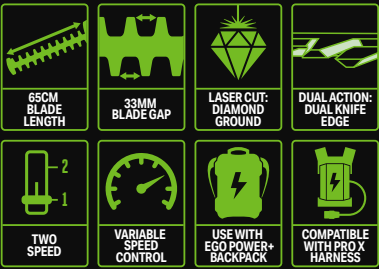

Blades that cut cleanly.

The high-quality EGO Power+ blades are made from laser-cut steel with diamond-ground edges to provide the cleanest cut and promote healthier hedges. While the 33mm cutting capacity, allows the blades to cut through even the thickest growth.

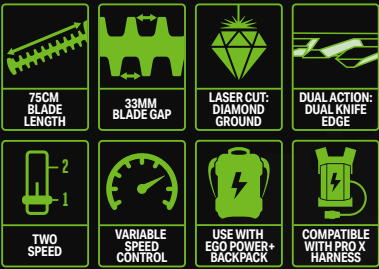

HTX6500 65CM PRO X HEDGE TRIMMER

Variable speed, double-knife edge cutting action makes light work of any job, big or small. Dual trigger system provides enhanced user comfort and safety.

HTX7500 75CM PRO X HEDGE TRIMMER

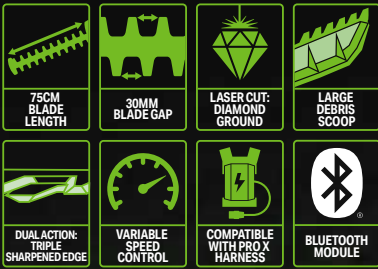

Ideal for wider, larger hedges, the variable speed, double-knife edge cutting action makes light work of any garden job. Dual trigger system provides enhanced user comfort and safety.

NEW FOR 2026

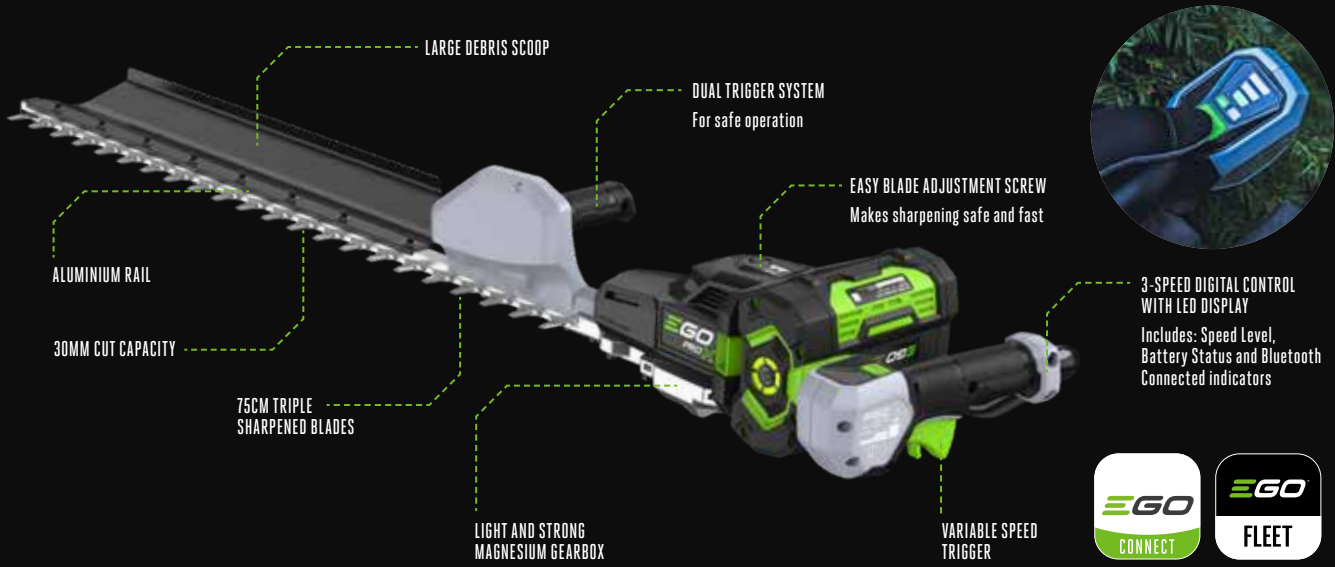

HTX7500S 75CM PRO X SINGLE SIDED HEDGE TRIMMER

Ideal for wider, larger hedges, the new EGO PRO X Single Sided Hedge Trimmer has 3 speed digital control, LED display, large debris scoop, variable speed, triple-knife edge cutting action, makes light work of any hedge cutting job. Dual trigger system provides enhanced user comfort and safety.

FAST PRECISION CUTTING

The new PRO X Single Sided Hedge Trimmer is lighter than a comparable double-sided hedge trimmer, making it easier to work with a longer blade. The large clippings collector ensures unimpeded cutting, leaves a tidier finish and saves time on the job. Ergonomically designed for safer, comfortable use, with a powerful brushless motor to maximise run time for fast precision cutting.

COMPACT WITHOUT COMPROMISE

They may be compact, but they don't compromise on power. Brought to life by a 12V Lithium-Ion battery, the EGO Power+ shrub/grass shears are ideal for everyday garden maintenance.

With two attachments included, use the shrub blade to shape and maintain smaller hedges and ornamental trees, or switch to the grass trimmer blade to tackle areas of grass that mowers can't reach.

A lightweight, ergonomic design allows for unparalleled precision in either mode, so you can get the perfect result every time.

Simple to use and easy to store, they are an essential addition to every gardener's arsenal.

EGO
POWER+ BLOWER

WITH EXCEPTIONAL AIRSPEEDS AND HIGH-EFFICIENCY BRUSHLESS MOTORS, EGO POWER+ BLOWERS DELIVER MAXIMUM AIRFLOW WITH MINIMUM EFFORT.

BLOWS PETROL-POWERED BLOWERS OUT OF THE PARK

EGO's comprehensive range of leaf blowers have all been designed to deliver power and performance. See page 93 for domestic garden blowers, pages 94-95 for professional blowers and pages 97-99 for the super powerful PRO X models.

Powered by a high-efficiency brushless motor, EGO Power+ blowers feature jet turbine technology and a large diameter tube to give maximum airflow.

Significantly quieter and with zero emissions, the EGO range of blowers offer a genuine alternative to petrol power.

Designed to keep you in control - from low speed, low volume airflow for those delicate areas, to high speed, high volume airflow for hard-to-shift wet leaves and objects. With more power than most handheld petrol blowers on the market, that's more than enough to clear up even the biggest windfall.

Model Shown: LB7650E

Please note: some features are not available on all models.

Compatible with EGO Power+ backpack batteries.

LV5000E
3 IN 1 LEAF VACUUM

After blowing fallen leaves into a pile, they can be quickly cleared up using the new EGO Power+ 3 in 1 Leaf Vacuum. Collection bag space is maximised as leaves are efficiently mulched as they are collected up. With variable speed dial control, the tool has the power to tackle small to medium household leaf clean-ups. Easily converts from blower to vacuum by simply replacing the blower tube with a vacuum bag and a suction tube.

AVAILABLE AS A KIT

LB6700E
BLOWER

Variable speed thumb selector for added air flow control with single handed use. With 1,138m³/h output in Boost and 21N of air force, can tackle bigger tasks across wider areas and large gardens.

Includes Round and Flat Nozzles.

AVAILABLE AS A KIT

LB6150E
BLOWER

Variable speed thumb selector for added air flow control with single handed use. With 1,045m³/h output in Boost, and 18.5N of air force, can clear large areas with ease.

Includes AN600R (Round) Nozzle.

AVAILABLE AS A KIT

THE POWER TO CLEAR MORE GROUND

Tough tasks need powerful tools. And that's exactly what EGO's range of Professional Blowers deliver. In Boost mode, leaves and debris don't stand a chance.

Not only are our Blowers powerful, they also benefit from intelligent features. The brushless motors reduce vibration and noise while the comfortable backpacks ergonomically distribute the weight of the tool. Boasting four hours run time*, you can cover plenty of ground too.

LB7650E BLOWER

Variable speed thumb selector for added airflow control with single handed use, 1,300m³/h output in Boost – one of the industry's most powerful hand-held blowers, outperforms even the leading petrol-powered blowers. Perfect for completing the toughest tasks across wider areas and large gardens.

Includes one tapered nozzle and spread nozzle.

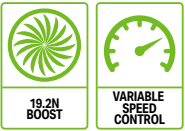

*Based on model LB6000E: 240 minutes at 1300m³/h with 1 x 10Ah battery - Low air setting.

LB6000E BACKPACK BLOWER 1020M³/H

The hugely powerful, yet ergonomic design is easy to use and packed with all the features you need.

THE FIRST OF
ITS KIND

Part of EGO's next generation of PRO X tools, LBX1000 puts the full power of a backpack blower into the hands of the user.

The most powerful hand-held battery blower on the market, with brushless motor and high-efficiency axial fan for impressive air flow and higher air-speed. Tackles the most demanding clear-ups, ensuring performance, comfort and durability – built to work in the toughest environments.

ERGONOMIC SECOND HANDLE
For easy pick-up and control of large clearing tasks

POWERFUL LED LIGHT
For use in low light environments

LCD DISPLAY SCREEN
Monitoring operating status and battery fuel gauge

ERGONOMIC CONTROLS
Variable speed trigger with lock + Boost

BELT CLIP
To allow hanging use from belts and Backpack harnesses

NEW HIGH-EFFICIENCY AXIAL FAN & LARGER MOTOR
For larger volumes of air and speed

BASE STAND
For protection and stable standing

32N OF BLOWING FORCE
The most powerful hand-held blower on the market

LBX1000
PRO X BLOWER

With the power of a backpack blower in a handheld unit, this is the most powerful handheld battery blower on the market with 32N of blowing force. Equipped with a secondary front handle for easy pick-up-and-go without the fuss of a Backpack. Features include variable speed trigger with Boost, LCD display screen showing operating status and battery fuel gauge, plus powerful LED light for working in low light levels. Bluetooth is built-in – communicates with EGO Connect and EGO Fleet Apps.

THE ULTIMATE IN CLEARING POWER

Part of EGO's next generation of PRO X tools, LBPX1100 is the most powerful backpack blower on the market.

With new brushless motor and high-efficiency axial fan for impressive air flow and higher air-speed, it will tackle the most demanding clear-ups, ensuring performance, comfort and durability – built to work in the toughest environments.

PEAK[™] POWER⁺ TECHNOLOGY

Combines the power of 2 56V ARC Lithium[™] batteries, for longer run times and greater blowing force

LARGER MOTOR
For larger volumes of air and speed

ERGONOMIC HANDLE DESIGN
With variable speed trigger and trigger lock

LCD DISPLAY SCREEN
Showing real-time monitoring operating status and battery fuel gauge

TOOL FREE HANDLE ADJUSTMENT

UPGRADED PCBA COOLING
For even greater durability

EGO
PRO X

LBPX1100 PRO X BACKPACK BLOWER

Active Peak Power[™] harnesses the power of two EGO batteries, making this the most powerful backpack blower on the market with 36N of blowing force, maximising output and run time. Designed with a new motor for greater airspeed and volume through the machine, plus new user controls for intuitive and comfortable use. With BLE connectivity built-in – allowing monitoring of firmware status, battery capacity and run times.

EGO
PRO X

LBPX8000 PRO X BACKPACK BLOWER

Active Peak Power[™] Technology combines the power of two EGO batteries to maximise output and runtime, making clearing large areas faster. Designed with a new motor for greater airspeed and volume through the machine, plus new user controls for intuitive and comfortable use. With BLE connectivity built-in – allowing monitoring of firmware status, battery capacity and runtimes.

EGO[™] POWER⁺ SNOW THROWER

WITH PEAK POWER[™] TECHNOLOGY, THE EGO SNOW THROWERS PROVIDE PETROL-MATCHING POWER TO CLEAR SNOW WITH EASE.

EXTREME POWER FOR EXTREME WEATHER CONDITIONS

EGO's Power+ Snow Throwers use Peak Power[™] Technology to deliver petrol-matching performance without noise, fuss or emissions.

Peak Power[™] Technology combines the power of any two industry-leading EGO 56V ARC Lithium[™] batteries to tackle the toughest snowy conditions efficiently.

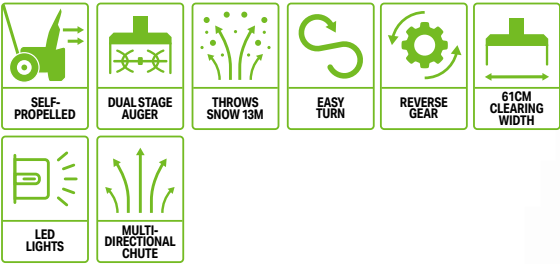

Self-propelled control ensures ease of use, while reverse gears and wheel drive systems make getting out of tight spots easier.

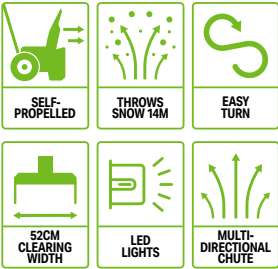

SNT2400E
61CM SELF-PROPELLED 2-STAGE
SNOW THROWER WITH PEAK POWER[™] TECHNOLOGY

This powerful 2-stage snow thrower has variable speed, self-propelled control with serrated steel augers, to handle even the deepest snow with ease. Snow is thrown into a high-speed impeller which then discharges the snow up and out of the multi-directional chute. The generous 61cm clearing width and 51cm intake height work with the shoot for a clearing distance of up to 13m, while the on-board controls are easy to operate – even when wearing bulky winter gloves.

SNT2120E-AP
AUGER PROPELLED SNOW THROWER

The SNT2120E-AP can clear 21cm of snow and throw it up to 14 metres, making it ideal for those early morning clearing jobs along driveways and footpaths. The auger clears the snow and discharges it through the chute in a single motion.

EGOTM

POWER⁺ MULTI-TOOL

WE'VE REDEFINED FLEXIBLE WORKING. CUT, SAW, EDGE AND MORE. ALL WITH ONE POWER UNIT AND ALL WITHOUT THE FUSS AND FUMES OF PETROL.

ONE TOOL, MULTIPLE OPTIONS

The EGO Power+ Multi-Tool is the outdoor power tool you can't do without. With a single power unit and a large range of high-tech attachments, you can easily tackle every garden task, from trimming grass, edging lawns, cutting hedges, sawing branches, tilling soil, to sweeping the patio.

Switching between different jobs is simple thanks to the secure tool-free coupling system on every attachment. And, with our carbon fibre extension pole, even the hardest-to-reach places are no challenge for the Multi-Tool. Combined with the 56V ARC LithiumTM battery, you have all the power you need, without the noise, fuss, or emissions of petrol-power.

1 POWER HEAD POWERS UP TO
13 DIFFERENT ATTACHMENTS

THE FLEXIBILITY TO TACKLE ANY TASK

With one Multi-Tool Power Head you can tackle any task with up to 13 attachment options.

With two Multi-tool Power Head options available, you can choose between the EGO Professional Power Head with 2 speed control, or the EGO PRO X Power Head with carbon fibre shaft and 3 speed control. Both have powerful brushless motors and are compatible with all current and future attachments.

THE POWER TO TACKLE ANY TASK

PH1420E MULTI-TOOL POWER HEAD

With more power, better ergonomics and an upgraded motor the PH1420E is compatible with all current and future attachments.

ONE REVOLUTIONARY POWER UNIT. SO MANY WAYS TO USE IT

HEDGE TRIMMERS

With a choice of standard or short pole lengths available, tackling high or low hedges is made easy. The head angle is adjustable to suit the job at hand and allows for compact storage.

EDGER

Give lawns a professional finish with the edger attachment. Ideal for neatening edges along paths, driveways or flowerbeds.

CULTIVATOR

The cultivator prepares soil prior to planting. Removing weeds and introducing air, it creates a loose bed, encouraging the growth of healthy plant life.

POLE SAW

Slices through tree branches fast and efficiently. Combines with the carbon fibre extension pole to reach further and cut more.

BRISTLE BRUSH & PADDLE BROOM

The bristle brush makes short work of sweeping away moss, wet leaves and ingrained dirt, whilst the paddle broom makes it easy to clear away standing water.

LINE TRIMMERS

Trim grass along fences and walls with precision. Line Trimmer options include:
Powerload™ Head - for fast line replacement at the touch of a button.
Line IQ™ Head with Powerload™ - for automatic line feeding on the go.

OLIVE SHAKER

Shake ripe olives off branches at approximately 2000 strokes per minute, with 10 replaceable carbon fibre fingers, a durable and market tested gearbox and integrated lubrication for simple maintenance.

BRUSH CUTTER

The brush cutter is built to deal with difficult undergrowth. From thick grass to tough weeds, it cuts through the toughest tasks with ease.

SNOW SHOVEL

The Snow Shovel is excellent for clearing snow quickly from patios, decks and driveways.

ROTOCUT

Cuts through grass, weeds and moss on concrete, pathways and verges with ease. Featuring two counter-rotating blades, preventing debris from being thrown.

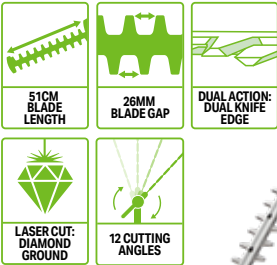

DETHATCHER

Removes the thatch layer between grass and soil for a healthier lawn.

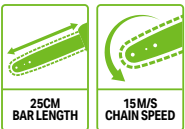

HTA2000
HEDGE TRIMMER ATTACHMENT

Laser cut, diamond ground blades and simple angle adjustment makes this trimmer as precise as it is powerful.

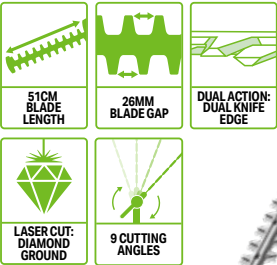

PSA1000
POLE SAW ATTACHMENT

25cm guide bar and chain make cutting branches fast and efficient.

HTA2000S
SHORT HEDGE TRIMMER ATTACHMENT

With the same sharp blades and quick cutting action, this attachment makes short work of low, deep hedges.

OSA1000
OLIVE SHAKER ATTACHMENT

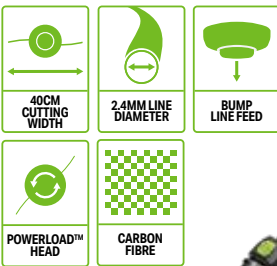

10 carbon fibre fingers shake and drop olives from their branches in no time at all.

POWERLOAD[™] TECHNOLOGY

STA1600
LINE TRIMMER ATTACHMENT

This attachment features Powerload[™] Technology for fast line replacement. The carbon fibre shaft adds robustness for tough tasks.

BBA2100
BRISTLE BRUSH ATTACHMENT

Clear moss and wet leaves from hard surfaces easily with the bristle brush attachment.

SSA1200
SNOW SHOVEL ATTACHMENT

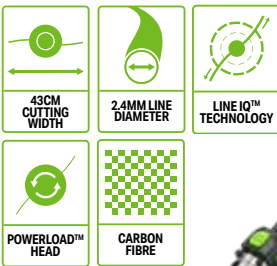

The Snow Shovel is excellent for clearing snow quickly from patios, decks and driveways.

POWERLOAD[™] TECHNOLOGY
LINE-IQ[™] TECHNOLOGY

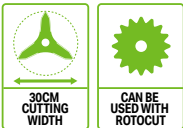

STA1700
LINE TRIMMER ATTACHMENT

Featuring Line IQ[™] and Powerload[™] Technologies for automatic line feeding and fast line replacement. The carbon fibre shaft adds robustness for tough tasks.

BCA1200
BRUSH CUTTER ATTACHMENT

Tough enough to take on anything, the three-sided metal blade makes short work of any overgrown area.

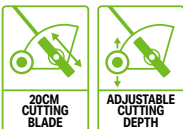

DA1400
DETHATCHER ATTACHMENT

Removes the thatch layer between grass and soil for a healthier lawn. Also removes debris and dead grass from the surface.

EA0800
EDGER ATTACHMENT

With quick depth adjustment and handy guide, this attachment makes achieving a perfect edge easy.

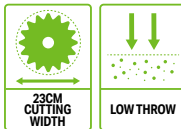

CTA9500
CULTIVATOR ATTACHMENT

The easier way to prepare soil for planting, the cultivators rotating teeth remove weeds and aerates soil.

RTA2300
ROTOCUT ATTACHMENT

Cuts through grass, weeds and moss with ease. Featuring two counter rotating blades, which prevent debris from being thrown, make it ideal for use in delicate areas.

VACUUMING POWER FOR INDOORS AND OUTDOORS

EGO POWER+ 34 Litre Wet/Dry Vacuum delivers industry-leading performance with over 180m³/h of suction power.

Adapt to the demands of your cleaning tasks with 3 power modes, controlled onboard or via the wireless remote control. Battery run time will provide up to 60 minutes on ECO, 33 minutes on high, or 18 minutes on turbo, when powered by EGO's 56V 5Ah ARC Lithium™ battery.

Onboard storage, provides a convenient space for nozzles, extensions, and hoses. Accessories include; two extension tubes, crevice nozzle, round brush dust nozzle, small floor nozzle with brush bar, wide nozzle with rubber bar, and a 2.1m hose. A built-in filter cleaning function maintains optimal performance.

Wireless remote functions

WDV0300E WET/DRY VACUUM

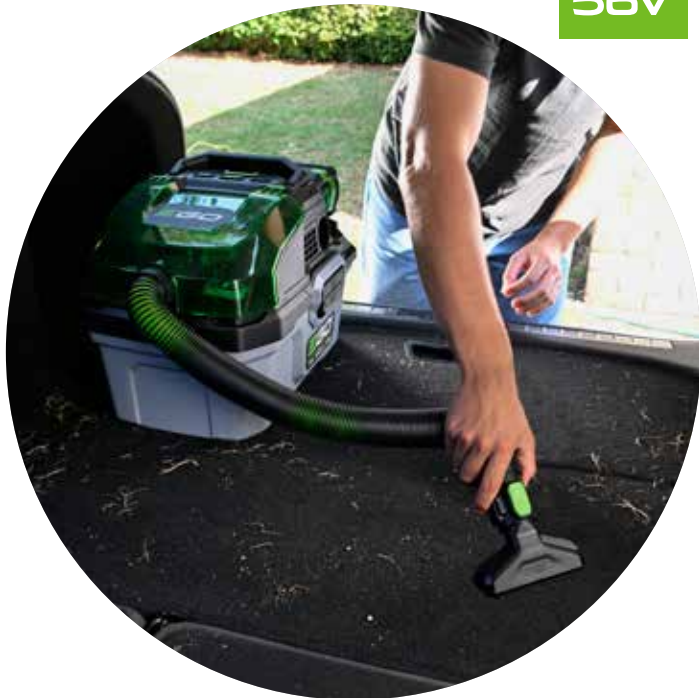

Heavy duty cleaning power with onboard power selection and optional wireless remote. Inclusion of 8 accessories for different cleaning tasks, with built-in filter cleaning function.

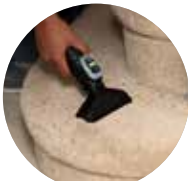

PORTABLE POWER & PERFORMANCE

EGO's new compact Wet/Dry Vacuum offers the convenience of powerful cleaning in a portable package, with 2 power modes controlled onboard or via a wireless remote control.

The compact wet/dry vac comes equipped with utility nozzle and crevice tool for a wide range of applications. Now you can just 'grab and go' to complete any demanding cleaning task.

The EGO Power+ Compact Wet/Dry Vacuum's utility nozzle and crevice tool will complete most cleaning tasks:

EGO™
POWER+ CONSTRUCTION & AGRICULTURE

OUR CONSTRUCTION & AGRICULTURE RANGE
PROVIDES POWERFUL AND INNOVATIVE
SOLUTIONS FOR DEMANDING OUTDOOR TASKS.

THE POWER TO COMPLETE DEMANDING TASKS

Now you can easily drill deep holes for fence posts, and efficiently spray large collections of fruit trees, hedges and plants. EGO have designed innovative features to make the tasks easier and more efficient.

Features like the EGO Chemical Sprayer's flow adjustment system, and the Auger Drill's variable speed trigger, help give more control for completion of heavy-duty tasks.

CONTROLLED, PROFESSIONAL CHEMICAL SPRAYING

The EGO Professional Backpack Sprayer has an innovative flow control system with a comfortable carrying harness for long working hours.

High efficiency and pressure, comparable to petrol engine equivalents, provides users with an effective variable spray action. The unique flow adjustment system is convenient to use, allowing users to easily control the amount of spray from the lance handle.

VARIABLE FLOW DIAL FOR DIFFERENT APPLICATIONS
Pressure up to 24 Bar (150+ psi can reach higher places, or carry out light cleaning work)

STAINLESS STEEL SPRAY WAND

FILTRATION SYSTEM
Reduces clogging - the water inlet of the tank, the liquid suction are all equipped with filtration devices

PHA7400E EARTH & ICE AUGER

Makes heavy duty hole drilling in soil and ice easy, with many features designed with user convenience, comfort and safety in mind. Optional drill bit accessories are available: see page 151 for details on ETA0800E Earth drill bit and ITA0800E Ice drill bit.

WITH SUPERIOR PORTABILITY, OUR INNOVATIVE LIFESTYLE RANGE BRINGS INTELLIGENT TECHNOLOGY TO THE EVERYDAY.

INTELLIGENT TECHNOLOGY FOR THE GREAT OUTDOORS

Making the most of EGO's single battery platform, any EGO 56V ARC Lithium™ Battery can connect with any of EGO's latest lifestyle products – all designed to enhance the enjoyment of our outdoor spaces, and beyond.

To help you make the most of your time in the garden or away camping – whether it's staying cool in hot weather, extending a summer's day into the evening, or efficiently inflating a car tyre without the hassle of an electric cord – EGO has developed and engineered a range of new innovations. These include portable outdoor power sources, bright lighting, efficient cooling for warm conditions, music for outdoor enjoyment, and EGO's latest advancement in battery-powered air inflation.

Creates 50m² of cooling air for those hot days

FN1800E 45cm Misting Fan

Provides power when and wherever you need it

PAD5000E 400W Nexus Escape Power Inverter

10,000 Lumens of bright, adjustable light for your outdoor space

LT1000E Portable Area Light

Powerful, fast inflation for anything from a car tyre to an air mattress

IF1600E Compact 3-In-1 Inflator

OUR COOLEST
INNOVATIONS YET

With up to double the airflow of standard fans, the EGO Power+ Misting Fans are essential tools for warm conditions.

Complete with two misting modes: intermittent and continuous, six speed settings, the EGO Power+ Misting Fans have an impressive Cooling Area Capacity (up to 50m² with the 45cm Fan). With a minimal noise level of up to 68dB and up to 60 hours run time (with 5Ah battery) on speed one, these fans are suitable for both indoor and outdoor cooling. Their lightweight and advanced portable features make them ideal for hot working conditions, sporting events, camping trips and BBQs, with two sizes and specifications to choose from.

FN1800E
45CM MISTING FAN

With a Cooling Area Capacity of 50m², two misting modes, five speed settings and double the airflow of a standard 45cm fan, the EGO Power+ 45cm Misting Fan is ideal for cooling both indoor and outdoor environments.

FN1000E
25CM MISTING FAN

A compact portable Misting Fan, folds down for easy storage and transport - with 3 misting settings, 5 speeds + turbo, 3-stage oscillation, and garden hose connector. The EGO Power+ 25cm Misting Fan can be conveniently controlled with your smartphone via the EGO Connect App, ideal for cooling both indoor and outdoor environments.

PORTABLE POWER WHEREVER YOU NEED IT

Compatible with any EGO ARC Lithium™ battery, the Nexus Escape provides power when and wherever you need it.

Built with a powerful 220-240V AC outlet and up to three USB ports, the Nexus Escape boasts flexible power to charge mobile phones, laptops, cameras, lights, and other electrical devices up to a maximum output of 400 Watts. Ideal for camping trips, beach visits, festivals or for use at home, the Nexus Escape is lightweight and small enough to carry in a rucksack or store in a tent.

PAD1800E
180W NEXUS ESCAPE POWER INVERTER

The EGO Power+ Nexus Escape's 220-240V 180W AC power outlet and 2 USB ports enable you to charge or power devices wherever you are. The lightweight design and carry handle make the device easy to transport. The pure Sine Wave inverter makes it suitable for use with even the most sensitive electronic devices.

PAD5000E
400W NEXUS ESCAPE POWER INVERTER

With three USB ports of varying type and a 240V AC 400W power outlet, the EGO Power+ Nexus Escape is capable of charging or powering devices up to 400 Watts. Use of the USB-C PD port can provide 100W charging of compatible devices, plus charging of EGO portable batteries when used with a USB-C PD compatible charger. The pure Sine Wave inverter makes it suitable for use with even the most sensitive electronic devices.

A HIGH-QUALITY OUTDOOR AUDIO EXPERIENCE

The EGO Outdoor Speaker boasts an impressive 180W RMS power and a sophisticated configuration of 7 advanced transducers. This powerful combination includes 1 woofer, 2 mid-range, 2 tweeters and 2 passive radiators for a dynamic and rich audio experience.

Engineered for durability, the EGO Outdoor Speaker carries an IP54 weather rating, providing protection against dust and water. Whether you're at the beach, on a picnic, or in the garden, this speaker is built to withstand the elements, ensuring uninterrupted playback from your Bluetooth device, or via a 3.5mm AUX cable.

The integrated USB-C PD port also lets you charge your devices, from phones to laptops up to 100W, ensuring your gadgets stay powered. For a bigger party sound – connect up to 100 EGO Outdoor Speakers.

SK1800E OUTDOOR SPEAKER

For high-quality portable sound, the EGO Outdoor Speaker carries an IP54 weather rating, built to withstand the elements with up to 50 hours of playtime, compatible with all EGO portable batteries

PORTABLE, FLEXIBLE BRIGHT LIGHTING

EGO's powerful LED lights are compatible with any portable EGO ARC Lithium™ Battery. The light level can be tailored to suit the conditions, so these versatile tools are perfect for bright task lighting, illuminating larger areas and ambient mood lighting.

360-DEGREE ILLUMINATION
With foldable panels

COMPACT DESIGN

LT1000E PORTABLE AREA LIGHT Ideal for illuminating outdoor tasks

With adjustable power of up to 10,000 lumens, the EGO Power+ Portable Area Light is the world's most powerful area light in handheld cordless outdoor power. With five brightness settings, turn up the power boost mode for maximum output. The diffused, foldable panels allow for soft 360 degree illumination. Transporting and storing the area light is easy thanks to its compact design and integrated handle. Charge devices on the go with the built-in USB A port.

	LT1000E					
BRIGHTNESS LEVEL	1	2	3	4	5	BOOST

EGO
ROBOTIC MOWERS

AURA-R2™

THE NEXT EVOLUTION IN SMART LAWN CARE

Boundary-wire-free. Effortless. Engineered with PATH IQ™

EGO's most advanced robotic mower, AURA-R2, redefines what intelligent lawn care looks like. At its core is EGO's unique PATH IQ™ system bringing together the most advanced navigation technologies that deliver flawless accuracy, efficient coverage and healthier, better-looking lawns.

It learns your space, adapts to every challenge and takes pride in delivering the precision EGO is known for. The result is more time back, less effort, and a perfectly even cut.

AURA-R2 doesn't need time off, doesn't annoy the neighbours, and has the built-in know-how to keep your lawn looking pristine with a strikingly human touch.

Smart, connected and powered by EGO's cutting-edge technology, AURA-R2 is the teammate every garden deserves.

Welcome to the future of mowing. Welcome to AURA-R2.

MEET AURA-R2

ROBOT MOWING DESIGNED FOR YOUR LIFE

This isn't just another robot mower. It's a gardening companion that's tuned into your space, your standards, and your routine.

From smart mapping and navigation to adaptive cutting technology and whisper-quiet operation that will make you forget it's even there, AURA-R2 knows how to deliver an immaculate cut just the way you want it, and it does so in style.

AURA-R2 doesn't need reminding. It doesn't take breaks. And it never cuts corners unless you've told it to. It's the kind of teammate you wish you had everywhere else: dependable, focused, and quietly proud of a job well done.

AURA-R2: The mower that understands lawns like you do.

PATH IQ™: PRECISION LAWN CARE WITHOUT COMPROMISE

PATH IQ™ TECHNOLOGY

Smarter mowing. Stunning results.

PATH IQ™ is EGO's unique combination of three intelligent technologies that work together to deliver unmatched mowing accuracy in complex environments. AURA-R2 uses cutting-edge technology to adapt in real-time to changing conditions, navigating every nook and cranny.

Intelligent navigation from PATH IQ™ is always working quietly in the background, so the only thing you notice is the flawless finish.

CONSISTENT PRECISION IN ANY TERRAIN

It handles slopes, dips, and tricky corners with ease, so every patch of grass gets the care it deserves.

ADAPTS INSTANTLY TO OBSTACLES

Whether it's a toy on the lawn or a curious pet, it intelligently avoids obstacles and keeps working.

ACCURATE NEAR TREES OR BUILDINGS

Thanks to its fusion of visual and motion technologies, it always knows where it is and stays on track.

INTELLIGENT PATH PLANNING

AURA-R2 works systematically in a stripe pattern for the most efficient cut, maximising coverage and leaving every lawn looking pristine.

MORE PRECISION, LESS TIME

PATH IQ™ maps, adapts and corrects in real time, efficiently delivering precise results without wasted passes.

FLAWLESS FINISH, EVERY TIME

Leaves your lawn effortlessly trimmed to perfection, time and time again, for a professional result you can rely on.

A TEAMMATE WITH TOP-NOTCH TECH

Wheelbarrow

PATH IQ™ allows AURA-R2 to navigate with ease to read your space, learn as it moves, and stay effortlessly on course to give you a precision-cut lawn every time.

PATH IQ[™] TECHNOLOGY

PINPOINT ACCURACY, GPS PRECISION

Using satellite technology with Real-Time Kinematic (RTK), AURA-R2 ensures every inch of your lawn gets the attention it deserves. RTK ensures straight-line mowing and efficient coverage with minimal overlap. AURA-R2 is your consistent, energy-efficient gardening companion.

THE MOWER THAT NEVER GETS LOST

Visual Inertial Odometry (VIO) helps AURA-R2 stay on track even in tricky spots - under a shady tree or in a narrow passage. It stays focused and on course, allowing you to set it, forget it and rest assured knowing you can expect a flawless trim.

AURA-R2'S BUILT-IN VISION

AURA-R2 takes in every detail of the world around it with Visual Simultaneous Localisation and Mapping (VSLAM). Using its binocular camera and advanced vision technology, it builds a map of your lawn. It knows where it is, where it's been and what's coming up, so it can make every pass straight and sharp.

ADDITIONAL FEATURES

AURA-R2 has everything you need for a flawless lawn, plus a few clever extras you didn't know you needed:

IP66 WEATHERPROOF

Built to withstand the elements and easy to clean, even with a pressure washer.

ADJUSTABLE CUTTING HEIGHT

Use the app to tailor your lawn to your taste, with a height range of 20-90mm.

SLOPE HANDLING

Tackles tough terrain up to a 50% gradient with ease, while maintaining the mow pattern.

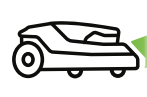

RAINFALL DETECTION

AURA-R2 takes a break when it detects rainfall to prevent damaging your lawn.

SAFETY & SECURITY

Peace of mind, wherever you are. AURA-R2 knows where it belongs and alerts you if it's moved, with built-in GPS, remote locking and theft tracking.

FILL LIGHT

Night mode activated. AURA-R2 can work through the dark so your lawn's ready by morning.

APP INTEGRATION & FUNCTIONALITY

Easy to use.
In your pocket

AURA-R2 connects seamlessly to the EGO Connect App using Bluetooth, Wi-Fi and 4G with three years included data, giving you complete control from anywhere.

The EGO Connect App gives you full flexibility to set and forget or fine-tune every detail as you wish. Adjust schedules, mowing directions, cut height, lighting, sound and voice. Always in sync and always dependable, AURA-R2 keeps you updated and is ready to respond wherever you are.

INSTALLATION

Mapping.

AURA-R2 adapts to your environment

Precisely map up to 40 zones and the paths between them. When setting up your AURA-R2, choose between the EGO Connect-enabled remote-control option or ask your dealer about specialist mapping to define your boundaries and program AURA-R2 to mow seamlessly.

ENGINEERED FOR COMPLEXITY DESIGNED FOR YOUR GARDEN

AURA-R2 wirelessly handles the most complex of gardens, taking the hassle out of lawn care however intricate your landscaping is.

Map up to 40 distinct zones with their own schedules

Travel between zones across paths, driveways, patios

All setup and controlled from your phone via the EGO Connect App

Flexible PATH IQ™ antenna positioning.

AURA-R2 adapts to your environment

AURA-R2's PATH IQ™ Antenna options allow for precise location feedback in even the sparsest of properties, whether you want a pole or building mount. Aside from being under a tree, our pole mounts can be installed anywhere you can put spikes in the ground. For more flexibility, enable Network RTK instead of the RTK hardware*.

MOWERS

RM4000E and RM2000E

Autonomous lawn care with precision and simplicity.

The RM4000E and RM2000E deliver outstanding performance with a 24cm cutting width and three pivoting razor-sharp blades for a consistently perfect finish.

Take control your way: set schedules and preferences via the 3.5" colour touchscreen or manage everything remotely through the EGO Connect App for total smartphone convenience.

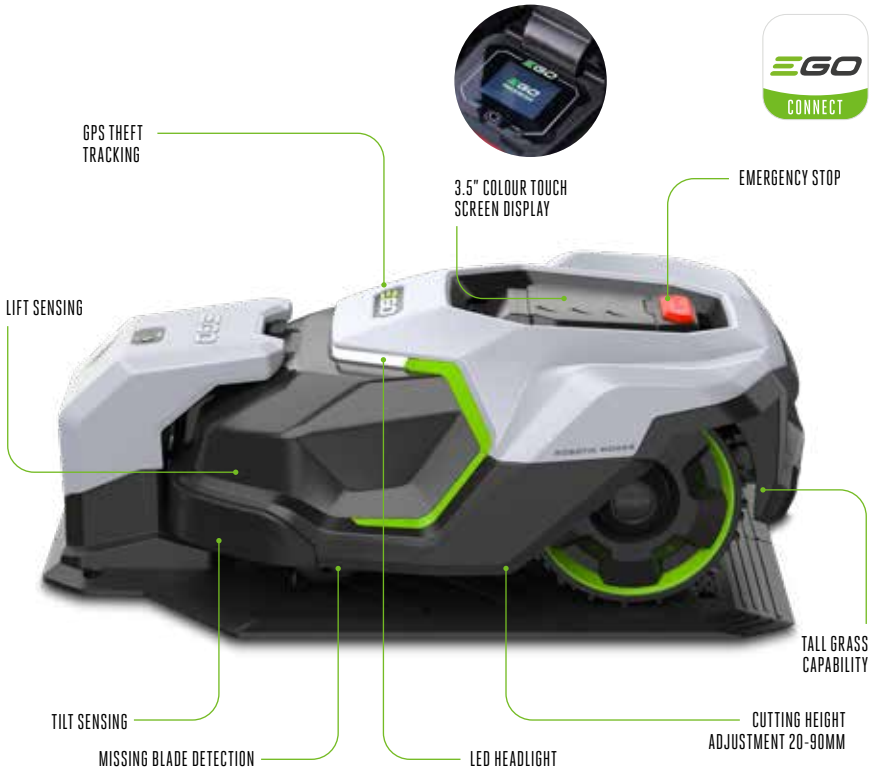

Advanced safety and security come built in. Lift and tilt sensors protect the user and machine, while GPS tracking provides instant theft alerts and traceability to keep your mower safe.

INSTALLATION KITS

AIK0150 150m of 3.4mm boundary wire, 300 stakes, 3 connectors, 2 couplers

AIK0300 300m of 3.4mm boundary wire, 500 stakes, 3 connectors, 2 couplers

AIK0400 400m of 3.4mm boundary wire, 750 stakes, 3 connectors, 2 couplers

BENEFITS

GPS ASSISTED NAVIGATION

Smart docking, systematic cutting: On board GPS capability allows the robot to navigate efficiently around your lawn, and find its way back to charge.

SECONDARY AREAS

Include additional areas in your boundary wire that the mower cannot reach automatically, and you can manually start the machine here to complete mowing.

COMPLETE APP CONTROL

Connect your phone via bluetooth using the EGO Connect App to set schedules, cutting heights and see live progress.

RAIN DETECTION

Takes a break when it detects rainfall to prevent damaging your lawn.
